

INTERNATIONAL SECTION 214 APPLICATION ATTACHMENT 2

Question 14 – Ownership Information

The City of Burlington is incorporated as a municipality under the laws of the State of Vermont; it is not a private corporation or other organization with shareholders, partners, or other owners. Simultaneous with this application, the City is submitting a notice of noncompliance and a description of its analysis of control to the Enforcement Bureau and the Wireline Competition Bureau.

Question 15 – Responses to Sections 63.18(d), (e)(3), and (g)

63.18(d) asks whether the applicant has previously received authority under Section 214 of the Act, and requests a general description of the categories of facilities and services authorized. Burlington is authorized by rule to provide domestic service under 47 CFR 63.01, and has done so since 2002 in and around the City of Burlington, Vermont, using fiber optic networks to provide both circuit and packet-switched voice services on a facilities and resold basis.

63.18(e)(3) asks whether the applicant seeks any additional authorizations. As indicated in Question 5, Burlington seeks only Global Resale Authority pursuant to Section 63.18(e)(2). Therefore, this section does not apply.

63.18(g) applies to applications under 63.18(e)(3). As discussed above, Burlington is not seeking authorization under that Section; therefore, this provision does not apply.
