International Section 214 – Supplement to Application

January 16, 2018

The Application filed by Nicholville Telephone Company, Inc. (the “Applicant”), on December 29, 2017, indicated that, while Nicholville Communications, Inc. (“NC”), held an ownership interest in the Applicant, NC is also a wholly owned subsidiary of the Applicant.

Upon further review, prompted by an inquiry from Commission staff concerning the ownership structure, it has been discovered that the Application was inadvertently incorrect in attributing to NC any ownership interest in the Applicant. In November 2017, the Applicant received an in-kind dividend from NC, consisting of shares of the Applicant that had previously been held by NC. As a result, NC no longer holds any stock of the Applicant, nor does NC have any ownership interest in the Applicant. NC continues to be wholly owned by the Applicant.

The following chart depicts current ownership interests of at least 10% in the Applicant. No other individual or entity has a 10% or greater direct or indirect interest in the Applicant.
