RAKUTEN MOBILE USA LLC
INTERNATIONAL SECTION 214 APPLICATION

Rakuten Mobile USA LLC seeks authority to provide domestic and international basic switched, private line, international voice transit, and data facilities-based services. Rakuten Mobile USA LLC also seeks authority to engage in the resale of U.S.-international facilities-based or resold services provided by any authorized U.S.-international common carrier, including switched, private line, and data services. This will include the build up of a Point-of-Presence (PoP) in a data center within the United States and providing wholesale and retail telecommunications services in the United States. Initially, the services will interconnect to other domestic mobile network operators to provide roaming coverage for Rakuten Mobile, Inc. (Japan) subscribers who visit the United States. In addition, Rakuten Mobile USA LLC provides software-centric and cloud-native solutions and services, collectively referred to as Rakuten Communications Platform (RCP), to the communications service provider market. RCP, developed by Rakuten Mobile USA LLC's parent company, Rakuten Mobile, Inc. (Japan), is the world's first cloud-native telco platform deploying open RAN and virtual RAN, and built on principles of security, agility and affordability. Mobile operators, enterprises, and governments will be able to utilize the platform to easily build, secure, and deploy mobile networks at high speed and low cost.

Rakuten Mobile USA LLC certifies that it will comply with the terms and conditions contained in Sections 63.21, 63.22, and 63.23.
