Re: Application of 9 Earth Inc. for International Section 214 Global Resale Authority

Dear Sir or Madam:

9 Earth Inc. ("Applicant") respectfully submits this consolidated attachment package in support of its application for International Section 214 global resale authority. The Applicant seeks authority to provide international telecommunications services solely through resale of transmission services obtained from authorized U.S. and foreign carriers, in accordance with Section 63.18(e)(2) of the Commission's rules.

This submission is intended to clearly address each applicable requirement of 47 C.F.R. § 63.18 and to facilitate review by the Commission and the Executive Branch Committee for the Assessment of Foreign Participation in the United States Telecommunications Services Sector.

Each attachment is labeled and organized to correspond directly to the relevant ICFS application questions and rule sections. The Applicant certifies that the information provided herein is true, complete, and accurate to the best of its knowledge.

Respectfully submitted,

Gang Wang
Chief Executive Officer
9 Earth Inc.

Attachment A — Description Of Services

(ICFS Questions 14–16 | 47 C.F.R. § 63.18(e)(2))

9 Earth Inc. is a U.S. corporation organized under the laws of the State of California. The Applicant seeks global resale authority to provide international telecommunications services solely through resale of transmission services obtained from authorized U.S. and foreign underlying carriers.

The Applicant will provide managed SD-WAN and related private connectivity services to business customers. The Applicant does not own or operate international transmission facilities and will not provide facilities-based services.

Attachment B — Ownership And Control Disclosure

(ICFS Questions 10–11 | 47 C.F.R. § 63.18(h))

B.1 Direct Ownership

9 Earth Inc. is a U.S. corporation organized under the laws of the State of California. The Applicant is 100% directly owned by Earth Network Technology (Hong Kong) Co., Limited, a privately held company organized under the laws of Hong Kong.

Earth Network Technology (Hong Kong) Co., Limited holds 100% of the equity and voting interests in the Applicant.

B.2 Ultimate Ownership

Earth Network Technology (Hong Kong) Co., Limited is owned by the following individuals:

Gang Wang – 65%
Wangen Huang – 30%
Wenchao Yang – 5%

No other individual or entity holds a direct or indirect ownership or voting interest of ten percent (10%) or greater in the Applicant.

B.3 Control and Management

Employees, contractors, and operational teams located outside the United States do not hold any ownership, voting, or control interests in the Applicant. All strategic, managerial, and operational control of the Applicant resides with its U.S.-based management.

B.4 Ownership Diagram

9 Earth Inc. (California, USA)

Attachment C — Interlocking Directorates

(ICFS Question 12 | 47 C.F.R. § 63.18(h))

The Applicant has no interlocking directorates with any foreign carrier. No officer, director, or controlling individual of the Applicant serves as an officer or director of a foreign telecommunications carrier.

Attachment D — Non-Dominant And Foreign Carrier Status

(ICFS Questions 17–18 | 47 C.F.R. §§ 63.09, 63.10)

The Applicant is not a foreign carrier and is not affiliated with a foreign carrier as defined in 47 C.F.R. § 63.09. The Applicant does not possess market power on any international telecommunications route and qualifies as a non-dominant carrier for purposes of international resale services.

Attachment E — Statutory And Regulatory Certifications

(ICFS Questions 19–21 | 47 C.F.R. § 63.18(i)–(m))

The Applicant certifies that:

- It will comply with all applicable provisions of the Communications Act and the Commission's rules;
- It will comply with the Communications Assistance for Law Enforcement Act (CALEA);
- It will comply with the Commission's truthfulness and accuracy requirements under 47 C.F.R. §§ 1.17 and 1.65;
- It is not subject to any denial of federal benefits pursuant to 21 U.S.C. § 862.

Attachment F — Network Operations, Data Storage, And Security

(Executive Branch Committee Standard Questions)

F.1 Network Operations

The Applicant's Network Operations Center (NOC), network management systems, and primary operational control functions are located in the United States.

F.2 Data Storage

Customer configuration data, network logs, and service management records are stored and maintained in the United States. The Applicant does not store U.S. customer communications records outside the United States.

F.3 Remote Access Controls

Administrative access to customer production networks is limited to authorized U.S.-based personnel. The Applicant employs role-based access controls, multi-factor authentication, logging, and monitoring to secure network management functions.

F.4 Cybersecurity and Supply Chain

The Applicant implements cybersecurity safeguards consistent with industry best practices and procures services only from authorized underlying carriers and reputable vendors.

Attachment G — Executive Branch Acknowledgment And Certification

The Applicant acknowledges that it will submit responses to the Executive Branch Committee's Standard Questions pursuant to Part 1, Subpart CC, concurrently with its FCC International Section 214 application, and will cooperate fully with any review conducted by the Committee.

I certify under penalty of perjury that the foregoing information is true and correct to the best of my knowledge.

Gang Wang
Chief Executive Officer
9 Earth Inc.
