

**VIZADA SERVICES LLC.:
AMENDMENT TO APPLICATION FOR
INTERNATIONAL SECTION 214 AUTHORITY**

Vizada Services LLC (“Vizada”) hereby amends its pending request for international Section 214 authority (“STA”) to continue to provide BGAN services via the Inmarsat 4F2 satellite at 52.75° W.L. (File No. ITC-214-20051012-00406).

By this filing, Vizada requests authority to provide Inmarsat BGAN services via all Inmarsat 4th Generation satellites.

On January 7, 2009, Inmarsat BGAN services will be relocated from the 4F2 satellite currently located at 52.75° W.L. to the 4F3 satellite at 97.65° W.L. Grant of the requested authority to provide Inmarsat BGAN services via all Inmarsat 4th Generation satellites will allow Vizada to provide services regardless of a particular satellite’s orbital location.

In support of this request, Vizada hereby incorporates by reference the information provided in its applications for BGAN service authority as amended, its prior STA requests, and its pleadings in those proceedings.
