

The Applicant requests classification as a non-dominant international carrier pursuant to Section 63.10 of the Commission's rules.

The Applicant will provide international telecommunications services on a resale basis and will not own or operate transmission facilities. The Applicant is not affiliated with a foreign carrier that possesses market power in any destination market and does not have the ability to control bottleneck facilities or otherwise exercise market power.

The Applicant requests non-dominant classification on all international routes.

Respectfully submitted,
SkyTel Corporation
