Authorization)

APPLICATION OF SKYCOMM TECHNOLOGIES, INC. AND SKYCOMM INTERNATIONAL, L.P., FOR CONSENT TO ASSIGNMENT

Pursuant to Section 214 of the Communications Act of 1934, as amended (47

U.S.C. § 214), and Section 63.18(e)(3) of the Commission’s Rules (47 C.F.R. § 63.18(e)(3)), SkyComm Technologies, Inc. (“SCT”) and SkyComm International, Inc. (“SCTI”) (collectively “Applicants”), hereby apply for authority to assign the international Section 214 authorization currently held by SCT to SCTI.¹ This application is subject to streamlined processing under Section 63.12 of the Commission’s rules.

INTRODUCTION/PUBLIC INTEREST STATEMENT

The assignment of this authorization to SCTI is part of a restructuring and reorganization of Applicants’ business. Upon consummation of the transaction, SCT will become a wholly-owned subsidiary of SCTI. Ownership in SCTI, in turn, will be held by SCT’s current shareholders and a number of additional entities.

¹ File No. ITC-214-19990211-0083.

The instant transaction will further enable Applicants to secure additional financing for the purposes of constructing an earth station facility near Houston, Texas, thereby facilitating Applicants' ability to deploy facilities-based service and promote additional competition in the international telecommunications marketplace. (As previously indicated, all necessary earth station authorizations will be obtained prior to the initiation of service.)
