Attn: Chief, Competition Policy Division, Wireline Competition Bureau
Chief, Policy Division, International Bureau

Re: WC Docket No. 07-262
File No. ITC-ASG-20071113-00462
TDS Metrocom, LLC (as successor-in-interest to HBC Telecom, Inc.),
Assignor and Hiawatha Broadband Communications, Inc., Assignee,
Application for Assignment of Domestic and International Authority
Under Section 214 of the Communications Act, as Amended
Minor Amendment

Dear Ms. Dortch:

On behalf of Hiawatha Broadband Communications, Inc. ("HBC") and TDS Metrocom, LLC ("TDS Metrocom") (together "Applicants"), following is additional supplemental and clarifying information relating to the above-referenced joint domestic and international Section 214 assignment application (the "Application"). This information is submitted as a matter of right pursuant to Section 63.50 of the Commission's rules, 47 C.F.R. § 63.50.

The following information and clarification is provided pursuant to the request of International Bureau and Wireline Competition Bureau staff:

- *Nunc Pro Tunc Approval*. Applicants no longer seek Commission approval of the application *nunc pro tunc*. Pursuant to the request of International Bureau and Wireline Competition Bureau staff, HBC has separately requested Special Temporary Authority from both Bureaus to continue to provide service to customers while the Application remains pending.

Marlene H. Dortch, Secretary

November 30, 2007

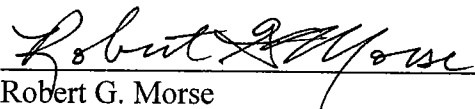

Page 2

- HBC Ownership Information. At the request of International Bureau staff, HBC clarifies with respect to 10 percent and greater ownership in HBC (47 C.F.R. § 63.18(h)) that: (1) shareholders' voting rights in HBC track their respective equity ownership; and (2) there are no other entities with 10 percent or greater direct or indirect equity or voting interests.
- Assignor Information. Assignor TDS Metrocom is the successor-in-interest to HBC Telecom, Inc. ("Telecom"), an entity which no longer exists. Until October of 2003, Telecom provided competitive local and interexchange services directly to HBC's customers through various operating and marketing agreements. In October of 2003, HBC purchased the assets and customer accounts relating to Telecom's telecommunications business, and upon consummation of that transaction, HBC began providing telecommunications services directly to the former Telecom customers in Telecom's stead. At the time of the transaction, Telecom was a wholly-owned subsidiary of Chorus Networks, Inc. ("Chorus") and provided international service pursuant to Chorus's authorization; thus, the transaction entailed the partial assignment of Chorus's international Section 214 authority to HBC. (File No. ITC-214-19940324-00122, international resale authority). Telecom merged into Chorus Networks, Inc. in 2005, well after consummation of the transaction at issue here. Chorus was later converted to Chorus Networks LLC, which was subsequently merged into TDS Metrocom, which in turn is a wholly-owned subsidiary of TDS Telecommunications Corporation. At all times up until HBC's acquisition of Telecom's assets, the Section 214 authority for Telecom was held by Chorus Networks.

An original and ten copies are being filed with the Secretary's office, and a separate copy is being submitted via ECFS in the above-referenced docket. Please contact us if there are any additional questions.

Respectfully submitted,

WILKINSON BARKER KNAUER, LLP
