## **I. INTRODUCTION**

AT&T Inc. and certain of its subsidiaries (“AT&T”) and Cellco Partnership d/b/a Verizon Wireless and certain of its subsidiaries (“Verizon Wireless”) have filed a series of applications pursuant to Sections 214 and 310(d) of the Communications Act of 1934, as amended.<sup>1</sup> In these applications, AT&T and Verizon Wireless (the “Applicants”) seek Commission approval of an exchange of certain wireless licenses, spectrum manager leasing arrangements, and related authorizations in parts of Arizona, Kentucky, Nevada, New York, Ohio, Pennsylvania, Vermont, and Washington. The Applicants propose to accomplish this exchange through transfers of control of wireless licensee subsidiaries, and through assignments of wireless licenses, spectrum manager leasing arrangements, and authorizations. The Applicants state that this exchange will satisfy AT&T’s obligations under the *AT&T-Dobson Order* to divest certain Dobson licenses and operations in Kentucky.<sup>2</sup> In addition, the applications reflect that, in most cases, the licenses and spectrum leasing arrangements that Verizon Wireless proposes to provide to AT&T in the exchange are held by subsidiaries of Rural Cellular Corporation, which Verizon Wireless previously has proposed to acquire.<sup>3</sup> These assignment and transfer of control applications pertain to licenses for the Part 22 Cellular Radiotelephone Service, the Part 24 Personal Communications Service,

<sup>1</sup> 47 U.S.C. §§ 214, 310(d).

<sup>2</sup> Applications of AT&T Inc. and Dobson Communications Corp. for Consent to Transfer Control of Licenses and Authorizations, *Memorandum Opinion and Order*, 22 FCC Rcd 20295, 20335-36 ¶¶ 85-88 (2007) (“*AT&T-Dobson Order*”).

<sup>3</sup> Verizon Wireless and Rural Cellular Corp. Seek FCC Consent to Transfer Control of Licenses, Spectrum Manager Leases, and Authorizations, *Public Notice*, 22 FCC Rcd 18356 (2007).

the Part 27 Advanced Wireless Service, and the Part 101 Common Carrier Fixed Point-to-Point Microwave Service, certain spectrum leasing arrangements, and international Section 214 authorizations.

To effectuate the exchange of certain wireless licenses between the Applicants, the Applicants have filed a series of *pro forma* applications seeking consent to the assignment of licenses from subsidiaries of AT&T to DC Kentucky Newco, LLC (“DC Kentucky Newco”) and DC Other Newco, LLC (“DC Other Newco”), wholly-owned subsidiaries of AT&T,<sup>4</sup> and from subsidiaries of Verizon Wireless to Rural Newco LLC (“Rural Newco”), a wholly-owned subsidiary of Verizon Wireless. As proposed, the consummation of these particular *pro forma* assignments of wireless licenses will occur immediately prior to the consummation of the transfer of control and assignment applications that the Applicants propose in the exchange.

In addition, Verizon Wireless requests a declaratory ruling extending its current Section 310(b)(4) authority to hold interests in common carrier licenses and authorizations to encompass DC Kentucky Newco, DC Other Newco, and the FCC licenses that they will hold following transfer to Verizon Wireless as a result of this transaction.

<sup>9</sup> RCC Minnesota, Inc. (“RCC Minnesota”) is a spectrum lessee of PCS spectrum, pursuant to spectrum manager leasing arrangements, from PCS Partners, L.P. and an AT&T subsidiary, New Cingular Wireless PCS, LLC (collectively, the “Spectrum Lessors”). Prior to closing on this transaction, RCC Minnesota proposes to assign these spectrum leasing arrangements to Rural Newco, which will then be transferred to DC Newco Parent at closing. To accomplish this assignment, the Spectrum Lessors and Rural Newco are filing notifications of new spectrum manager leasing arrangements, which they propose to become effective upon the closing of the transaction. The Spectrum Lessors will subsequently notify the Commission of the termination of the existing leasing arrangements.

### IV. REQUEST FOR DECLARATORY RULING UNDER SECTION 310(b)(4)

Verizon Wireless has filed a request pursuant to Section 310(b)(4) of the Communications Act for a declaratory ruling that it is in the public interest for DC Kentucky Newco and DC Other Newco to have indirect ownership in excess of the 25 percent benchmark under Section 310(b)(4) of the Communications Act. Upon consummation of the proposed transaction, DC Kentucky Newco and DC Other Newco will become indirect subsidiaries of Verizon Wireless. Verizon Wireless is a general partnership ultimately controlled indirectly by Verizon Communications Inc. (“Verizon”) and Vodafone Group Plc (“Vodafone”). Verizon, a Delaware corporation, owns 55 percent of the partnership interests and Vodafone indirectly owns 45 percent of the partnership through numerous intermediate subsidiaries, which are organized under the laws of Luxembourg and the United Kingdom, both of which are World Trade Organization (WTO) Member countries, or the United States. Verizon Wireless requests a declaratory ruling allowing Vodafone to hold an indirect ownership interest of up to 65.1 percent in DC Kentucky Newco and DC Other Newco, each of which will become a wholly-owned indirect subsidiary of Verizon Wireless. The petition for declaratory ruling under Section 310(b)(4) of the Communications Act has been assigned File No. ISP-PDR-20080208-00005.

### V. EX PARTE STATUS OF THIS PROCEEDING
