Sumita – As you requested, below are the responses to your questions.

1. Birch Telecom, Inc.'s 214 authorization number is ITC-214-19990701-00441 for application ITC-ASG-20080725-00347.
2. Corrected pages for Exhibit B (see attached).
3. CONFIRMED in certain states, where legacy Birch is applying for transfer. In other states, AIN will be providing services pursuant to its own 214.
4. CONFIRMED, subsidiaries are not providing facilities-based international service.
5. Date-stamped PDF copy of letter filed with FCC secretary (see attached).

Please let me know if you need anything further.

Thanks,
 Grace

Hi Grace – This is what we talked about. Can you please confirm the following by e-mail:

1. List Birch Telecom Inc's 214 authorization # ITC-214-19990701-00441 for application ITC-ASG-20080725-00347.
2. Correct Exhibit B (submitted as attachment to both applications) to delete Telecom Resources Inc. from the list. Telecom Resources surrendered its 214 authorization – see public notice DA 07-5065 rel. Dec. 20, 2007.
3. Confirm that subsidiaries will be providing services pursuant to parent Birch Telecom Inc.'s international 214 resale authorization
4. Confirm that subsidiaries are not providing facilities based services.

8/28/2008

Also, we need the date-stamped pdf-ed copy of the letter that you filed with the Secretary's office.
Thanks. Sumita
