Re: Unicom, Inc. Discontinuance of International Service, 47 C.F.R. § 63.19(a)

Dear Ms. Dortch:

Unicom, Inc. (“Unicom”) intends to discontinue the provision of all international services in the state of Alaska by October 1, 2018. Unicom is a non-dominant provider and currently provides service only in Alaska. Unicom previously notified the Commission pursuant to Section 63.21(h) of the Commission’s rules that it relies on GCI Communication Corp.’s international Section 214 authorization to provide international service (ITC-214-19960116-00009 (Old File No. ITC-96-033); ITC-ASG-20080821-00395). Unicom is the only entity discontinuing international service; GCI Communication Corp. and any other entities using GCI Communication Corp.’s international Section 214 authorization will continue provision of international services.

Unicom today notified all of its affected customers of the planned discontinuance in writing as set forth in the attached letters. All affected customers will have other choices for international service, including through GCI.

Respectfully submitted,

A handwritten signature in black ink, appearing to read "T. Stelzig", with a long horizontal flourish extending to the right.

Tim Stelzig
Federal Regulatory Attorney
GCI Communication Corp.
1900 L St., N.W., Suite 700
Washington, DC 20036

URGENT NOTICE in regards to your Unicom Long Distance Service:
Please contact Customer Care at 1-800-478-2020 no later than October 1, 2018.

Dear Customer:

On August 1, 2018, Unicom filed an application to discontinue long distance service with the RCA. Once the review and approval process is complete, all calling plans and calling plan rates will be discontinued.

Please contact UUI Customer Care at 1-800-478-2020 by October 1, 2018 to select another long distance carrier or to request no long distance (No-PIC[1]).

For more information on long distance calling plans offered by AT&T or GCI please call:

AT&T 1-800-252-7266 (Residential service) or 1-800-955-9556 (Business service)
GCI 1-800-800-4800 (Residential service) or 1-800-800-7754 (Business service)

If you do not contact us before October 1, 2018, you will automatically default to No-PIC[1], and you will no longer have a long distance plan selected for calls made on or after October 1, 2018.

Unicom has notified the Federal Communications Commission (FCC) of its proposed discontinuance of service. The FCC will normally authorize this proposed discontinuance of service (or reduction or impairment) unless it is shown that customers would be unable to receive service or a reasonable substitute from another carrier or that the public convenience and necessity is otherwise adversely affected. If you wish to object, you should file your comments as soon as possible, but no later than 15 days after the Commission releases public notice of the proposed discontinuance. You may file your comments electronically through the FCC's Electronic Comment Filing System using the docket number established in the Commission's public notice for this proceeding, or you may address them to the Federal Communications Commission, Wireline Competition Bureau, Competition Policy Division, Washington, DC 20554, and include in your comments a reference to the § 63.71 Application of Unicom, Inc. Comments should include specific information about the impact of this proposed discontinuance (or reduction or impairment) upon you or your company, including any inability to acquire reasonable substitute service.

We appreciate your immediate attention to this matter. It has been a pleasure to serve your long distance needs.

Thank You,

Juliana Wayman
Unicom, Inc.

[1] Customers with this default selection lose the benefit of placing long distance calls using their carrier of choice by simply dialing 1+. Instead, the customer is required to dial an additional 7 digit number to connect them to the carrier of their choice before dialing 1+ each time a long distance call is made. UUI will waive the carrier change fee for customers who select "No PIC" if later those customers wish to be assigned an interstate long distance carrier. The waiver of the carrier change fee is available one time per telephone number. The waiver expires for all customers six months after this change is effective.
