Re: Grande Communications Networks, LLC and NextEra FiberNet, LLC:  
Application for Consent to Assign Assets from Grande Communications  
Networks, LLC, a Company Holding International and Domestic Authorizations  
Pursuant to Section 214 of the Communications Act of 1934, As Amended, to  
NextEra FiberNet, LLC

WC Docket No. 10-239  
IB File No. ITC-ASG-20101117-00455

Dear Ms. Dortch:

Pursuant to discussion with FCC staff, the Applicants in the above-referenced proceedings hereby provide the following information to supplement their Application:

(1) Applicants confirm that, following consummation of the proposed transaction, Grande Communications Networks, LLC will continue to operate as a provider of telecommunications services pursuant to its blanket domestic Section 214 authority as well as its international Section 214 license.

(2) The Application mentions, among assets to be transferred, "DWDM networks in Texas and certain adjoining states." These fiber optic networks utilize dense wavelength division multiplexing ("DWDM") technology. DWDM systems support multiple wavelengths per fiber strand and, thereby, facilitate delivery of high capacity fiber optic data transmission services.
