**Answer to Question 13**

This filing notifies the Commission pursuant to Section 63.24(f) of its rules, 47 C.F.R. § 63.24(f), of the *pro forma* assignment of international Section 214 authorizations held by PRTL D to PRT. Previously, PRT and PRTL D were both wholly owned subsidiaries of Telecomunicaciones de Puerto Rico, Inc. On August 1, 2011, PRTL D was merged into PRT, and PRTL D ceased to exist.<sup>1</sup> Consequently, all of the authorizations previously held by PRTL D are now held by PRT.

This change constitutes a *pro forma* assignment because this is “an assignment from a corporation to a corporation owned or controlled by the assignor stockholders without substantial change in their interests,” since ultimate control of the Section 214 authorizations has not changed.<sup>2</sup> The Commission previously approved the ultimate ownership of these Section 214 authorizations,<sup>3</sup> and this ownership remains unchanged. The Commission has stated that “[r]egulatory review of [*pro forma*] transactions yields no significant public interest benefits, but may delay or hinder transactions that could provide substantial financial, operational, or administrative benefits for carriers.”<sup>4</sup>

<sup>1</sup> On December 23, 2010, the Commission granted a waiver of Section 64.1903 of the Commission’s rules, 47 C.F.R. § 64.1903, allowing PRT and PRTL D to merge. *See Petition of Puerto Rico Telephone Company, Inc. and Puerto Rico Telephone Larga Distancia, Inc. for Waiver of Section 64.1903 of the Commission’s Rules*, Memorandum Opinion and Order, 25 FCC Rcd 17704 (2010).
