Answer to Questions 9 and 13: Advance Global Communications (“Assignor”) holds the Section 214 authorization that is the subject of this application (File No. ITC2142001081300436) (the “Authorization”). Assignor, in this application, requests Commission consent to the *pro forma* assignment of the Authorization to its subsidiary, Advance Global Communications, Inc. (“Assignee”). This assignment is *pro forma* under Section 63.24 of the Commission’s Rules because Assignor owns 83.3% of the voting shares in Assignee.

Assignee has been providing all the services under the Authorization since March 14, 2002. At the time Assignee began providing these services, all its voting shares were owned by Assignor. At no time since March 14, 2002, has Assignor’s ownership of voting shares in Assignor been less than 83.3%. At all times since March 14, 2002, management and control over Assignee has been held exclusively by Assignor.
