International Section 214 Authorizations:

With this application, Plateau Wireless proposes to assign three international Section 214 authorizations (one partial assignment and two full assignments) to Powell, a Delaware Limited Liability Company, under the control of AT&T. Specifically:

- Partial assignment of ITC-214-20030912-00436 held by E.N.M.R. Telephone Cooperative, a New Mexico Corporation, (authority to provide service in accordance with Section 63.18(e)(2) of the rules). E.N.M.R. Telephone Cooperative will retain this authorization while assigning a “derivative” to Powell.
- Full assignments of ITC-214-20030912-00435 held by New Mexico RSA 4 East Limited Partnership, a Delaware Limited Partnership, (authority to provide service in accordance with Section 63.18(e)(2) of the rules) and ITC-214-20030912-00441 held by Texas RSA 3 Limited Partnership, a Texas Limited Partnership, (authority to provide service in accordance with Section 63.18(e)(2) of the rules).

International Section 214 Authorizations:

The ultimate parent of the assignee, AT&T, has 46 subsidiaries that collectively hold global or limited global facilities-based or resale Section 214 authorizations, including those for Cuba. These subsidiaries hold global authority under Section 214 to provide a range of facilities-based services, *see, e.g.*, ITC-214-19960830-00414 (Previous File Number ITC-96-487) (AT&T Corp. authority to provide global facilities-based services), including those originating in region and out of region, *see, e.g.*, ITC-214-20001130-00713 (SBC Long Distance, LLC authority to provide facilities-based and resale services originating in Kansas and Oklahoma); ITC-214-19971108-00689 (SBC Long Distance, LLC authority to provide facilities-based services originating out of region). AT&T subsidiaries also have global authority under Section 214 to provide various resale services. Other AT&T subsidiaries hold authority to provide services on particular routes or over particular facilities. *See, e.g.*, ITC-214-19890214-00005 (Previous File Number ITC-89-060) (AT&T of Puerto Rico, Inc. and AT&T of the Virgin Islands, Inc. authority to operate additional capacity in St. Thomas-Tortola and Eastern Caribbean DCMS for use in providing services to various Caribbean points). AT&T’s subsidiaries do not provide services to any of the countries in which they have an affiliate solely through the resale of the international switched services of an unaffiliated United States facilities-based carrier.

A complete list of the AT&T subsidiaries holding international Section 214 authorizations, the file numbers associated with such authorizations and a description of such authorizations is set forth below in Attachment A.

**Answer to Question 11 - Section 63.18(h):<sup>1</sup>**

At the closing of the transaction, Powell will become a wholly owned, indirect subsidiary of AT&T. AT&T is a publicly traded corporation whose stock is widely held by the public with no person or entity holding a ten percent or greater ownership interest in AT&T as of June 30, 2014.

**Answer to Question 15 - Section 63.18(j):**

Pursuant to Section 63.18(j) of the Commission's rules, 47 C.F.R. § 63.18(j), AT&T certifies that it is not a foreign carrier, but that it holds controlling interests in certain foreign carriers in destination countries where its subsidiaries provide international service. These carriers and the countries where they provide service are described above in the answer to Question 14.

**Answer to Question 16 - Section 63.10:**

Pursuant to Section 63.10 of the Commission's rules, 47 C.F.R. § 63.10, AT&T qualifies for non-dominant classification on the routes between the United States and all the above-listed countries because the affiliates in these countries have no market power on the foreign end of any of these routes.<sup>2</sup> All of the above-listed affiliates have market shares under 50 percent in any relevant market on the foreign end of U.S. routes to these countries. Therefore, because all these companies lack 50 percent market share in the international transport and the local access markets in their respective foreign markets, and none is listed on the Commission's List of Foreign Telecommunications Carriers that Are Presumed to Possess Market Power in Foreign Telecommunications Markets, AT&T is presumptively classified as non-dominant on these routes.

**Answer to Question 18 - Section 63.18(k):**

In accordance with Section 63.18(k)(1) of the Commission's rules, 47 C.F.R. § 63.18(k)(1), AT&T certifies that all of the countries listed in its response to Question 15 (therein referencing its response to Question 14) are WTO Member countries.

---

<sup>2</sup> See 47 C.F.R. § 63.10(a)(3).

**Answer to Questions 29-31:**

An officer of AT&T Mobility Corporation (“AMC”) is signing this application on behalf of Powell. Neither AMC nor any of its affiliates currently owns or controls Powell. After the consummation of the proposed transaction, however, Powell will be a wholly owned, indirect subsidiary of AT&T, and AMC will manage Powell. In signing this application, the AMC officer’s certifications about Powell pertain to that entity as it will exist and operate post-consummation of this transaction.
