63.18 (d): AMI Communications, Inc. was authorized by the Commission in File No. ITC-214-19940215-00074 granted April 9, 1994.

**Answer to Question 13:**

Pursuant to an Asset Purchase Agreement (“Agreement”) executed on or about June 1, 2014, BCN will acquire all assets of AMI relating to and comprising the telecommunications services Customer Base of the Seller that constitutes the Business. Accordingly, the Applicants request that the Commission approve the transfer of these assets, including the telecommunications customer base of AMI (“Customers”) and contractual and other rights with respect to customer accounts to BCN. The assets being transferred do not include any Section 214 authorizations. The Applicants note that BCN already holds authority under Section 214 of the Act to provide domestic and international telecommunications services

The proposed transfer of customers to BCN will have no adverse impact on the Customers. Customers will continue to receive their existing services at the same rates, terms, and conditions that they have prior to the transfer and any future changes in the rates, terms, and conditions of service will be made consistent with Commission regulations. To avoid Customer confusion and ensure a seamless transition, the Applicants will provide advance written notice to the affected Customers at least thirty (30) days prior to the transfer, explaining the change in service provider in accordance with applicable Commission and state regulations for changing a customer’s presubscribed carrier.

**Answer to Question 20:**

63.18(p) Statement for Streamlined Processing Pursuant to Section 63.12

This International Section 214 Application qualifies for streamlined processing pursuant to Section 63.12 because the applicants are not affiliated with any foreign carriers; are not affiliated with any dominant U.S. carriers whose international switched or private line services the applicant seeks authority to resell; and do not seek authority to provide switched basic services over private lines to a country for which the Commission has not previously authorized the provision of switched services over private lines. This Application therefore should be granted, pursuant to Section 63.12(a), fourteen days after the date of public notices listing this Application as accepted for filing.
