

Request for Waiver

The 30-day deadline for filing this notification fell on a Sunday (December 7, 2014), thereby extending the filing deadline to the next business day under the Commission's rules.¹ The parties are filing this waiver request to overcome a technical limitation in the ULS system, which indicates that the application is being filed outside of the 30-day window. Only through filing a request for waiver are the parties able to timely file this notification. Accordingly, to the extent necessary, the parties request a limited waiver of the 30-day filing deadline.²
