Answer to Question 13

Description of Transaction

In connection with a financing transaction, Jason Mills, who is the sole shareholder of Assignor, Utility Telephone, Inc. (“UTI”), a California corporation, formed a new subsidiary Utility Telecom Group, LLC (“UTG”), a Delaware limited liability company, to carry on the operations of UTI as a subsidiary. On December 21, 2015, following compliance with all state and federal requirements, and the provision of customer notice, UTI assigned its licenses and other assets to UTG. As UTI’s subsidiary and assignee, UTG is now providing continued service to the transferred customers under the same rates, terms, and conditions that they enjoyed previously as customers of UTI, without disruption or any other adverse impact on service quality. Thus, the transaction was virtually transparent to affected customers.
