RE: ITC-ASG-20160916-00267; Application for Assignment of 214 Authority re Excellus Communications, LLC

Dear Secretary Dortch:

Pursuant to communications with FCC International Bureau staff in conjunction with the filing referenced above, this letter provides additional information and clarification regarding the application for assignment of 214 authority filed by Excellus Communications, LLC ("Excellus") and SeniorTech, LLC.

Mr. Michael Strandell currently owns and will continue to own 62.5% of Excellus following the transaction. No other individual will have ten percent or greater direct or indirect ownership in Excellus following the transaction. Excellus Communications, LLC is currently owned, and will continue to be owned, by the following:

<b>Entity</b>	<b>Percent Owship of Excellus</b>	<b>Individual Ownership of Entity</b>
Excellus Capital Strategies LLC	62.5%	100% owned by Michael Strandell
Nordic Venture Partners III, LLC	37.5%	No individual owns 10% or more of this entity

Mr. Chad Hatch, a U.S. Citizen, is the President of Nordic Venture Partners III, LLC and controls decision-making for that entity. Mr. Hatch and Mr. Strandell will be the two Managers of Excellus Communications, LLC, which is organized as a Manager Managed LLC. The voting interests in Excellus Communications match the equity interests indicated above.

Following consummation of the proposed Assignment of 214 authority, Excellus Communications will provide international services pursuant to ITC-214-20140806-00232. SeniorTech, LLC, the Assignor, intends to discontinue its provision of all telecommunication services.

The current address for SeniorTech, LLC is 4531 Highway 58, Suite 103, Chattanooga, TN. The 100 Cherokee Boulevard address was the address for SeniorTech, LLC at the time it applied for 214 authority. SeniorTech subsequently moved and inadvertently neglected to update its address via IBFS.

Should you require additional clarification, please feel free to contact me at 407-740-3031.

Sincerely,

/s/ Sharon Thomas
