Answer to Question 13: Narrative Description of Transaction

The notification at issue refers to the assignment of the above-named 214 license from Assignor to Assignee as shown in the diagram below. The assignment took place by way of an Asset Purchase Agreement transaction that closed on September 25, 2018. The assignor does not plan to continue operating with 214 authority.

Pursuant to §63.24(d) of the Commission’s rules, 47 C.F.R. §63.24(d), an assignment that does not result in a change in the actual controlling party is considered a non-substantial or *pro-forma* assignment. Further, the transaction at issue is presumptively *pro forma* because it fits one of the types described in Note 2 to 63.24(d) of the Commission’s rules, 47 C.F.R. §63.24(d). Namely, the “assignment from a corporation to a corporation owned or controlled by the assignor stockholders without substantial change in their interest.

In this case, the assignor, IP NETWORK AMERICA, LLC is a Delaware corporation wholly owned by IP NETWORK AMERICA S.A. de C.V., a Mexican company 99% owned by Rosario Gonzalez Zambrano. The assignee, IBOYLA MEGA DATA, LLC is a Nevada corporation wholly owned by TODO MUNDO FINTECH-PRO S.A.P.I. de C.V., a Mexican company 99% owned by Rosario Gonzalez Zambrano. Therefore, Rosario Gonzalez Zambrano continues to hold ultimate ownership and control of the International Section 214 authorization that is the subject of the present *pro forma* assignment notification.
