

NOTIFICATION OF *PRO FORMA* ASSIGNMENT OF INTERNATIONAL SECTION 214 AUTHORIZATION

Pursuant to Section 63.24(f) of the Federal Communications Commission's ("Commission's") rules, this filing notifies the Commission of the *pro forma* assignment of an international Section 214 authorization controlled by Altice USA, Inc. ("Altice USA"). Specifically, on April 16, 2019, Altice USA's wholly-owned subsidiary Cebridge Telecom Texas, L.P. ("Cebridge TX") assigned its international Section 214 authorization to its 100% owner and indirect parent company CSC Holdings, LLC ("CSC"). Cebridge TX is a limited partnership 99% owned by Cebridge Telecom Limited, LLC ("Cebridge Limited") and 1% owned by Cebridge Telecom General, LLC ("Cebridge General"). Both Cebridge Limited and Cebridge General are wholly owned indirect subsidiaries of Altice USA. CSC is also an indirect wholly-owned subsidiary of Altice USA. As the Commission has previously stated, assignment "from a corporation to a wholly owned direct or indirect subsidiary thereof or vice versa," or that otherwise involves no substantial change in beneficial ownership, is treated as presumptively *pro forma*.¹

Following the assignment of the international Section 214 authorization, CSC's wholly-owned direct subsidiaries Cebridge TX, CSC Wireless, LLC ("CSC Wireless"), and CSC Wireless's direct subsidiary (CSC's wholly owned indirect subsidiary) CSC Wireless NY, LLC ("CSC Wireless NY") will offer international services pursuant to CSC's authorization. CSC Wireless and CSC Wireless NY have not yet commenced offering services.

6. Certification – 47 C.F.R. § 63.24(f)(2).

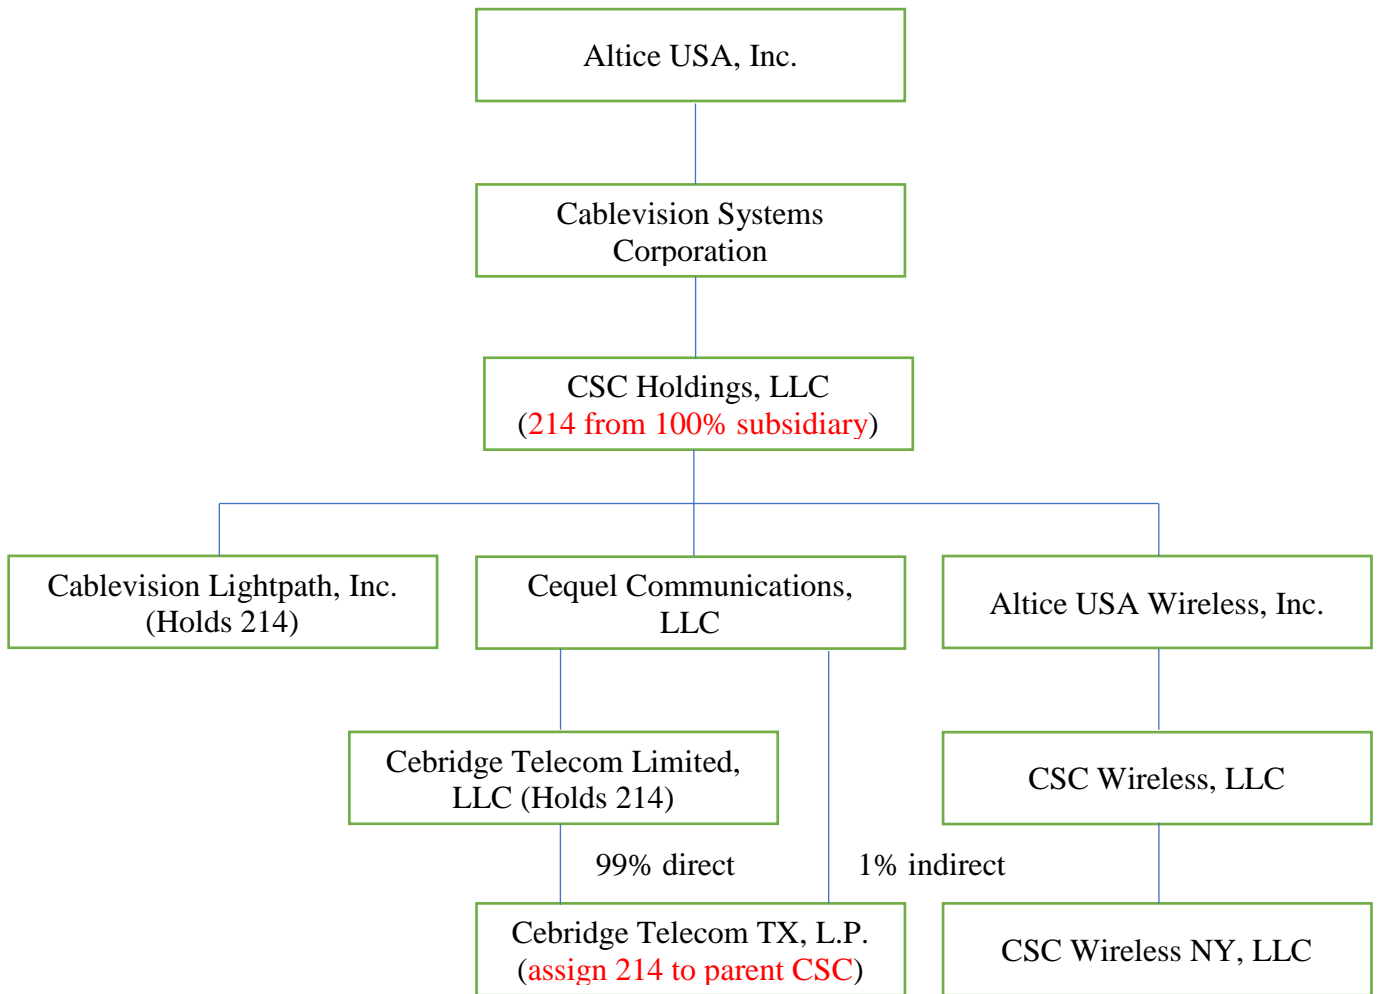

This filing notifies the Commission pursuant to Section 63.24(f) of the Commission’s rules of the *pro forma* assignment of the international Section 214 authorization held by Cebridge Telecom TX, L.P. (“Cebridge TX”), and indirectly controlled by Altice USA. On April 16, 2019, Altice USA’s wholly-owned subsidiary Cebridge TX assigned its international Section 214 authorization ITC-214-20060330-00173 to Cebridge TX’s indirect parent, CSC Holdings LLC. Ultimate ownership of the Section 214 authorization holder remains unchanged and the structure of the Altice USA subsidiaries, including both Cebridge TX and CSC Holdings LLC, also remains the same post-transaction. This assignment will rationalize Altice USA’s administrative and regulatory structure in light of its recent *pro forma* reorganizations and will allow wholly-owned subsidiaries of CSC Holdings LLC to provide international telecommunications services under derivative authority pursuant to Section 63.21(h).

The Commission has stated that, in situations “where no substantial change of control will result from the transfer or assignment, grant of the application is deemed presumptively in the public interest.”² The assignment proposed herein is *pro forma* because it involves the assignment of an authorization from one wholly-owned subsidiary of Altice USA to another. Altice USA certifies that the transaction has not resulted in a substantial change in ultimate control of the authorizations that are the subject of this application.
