II. REQUEST FOR STREAMLINED TREATMENT OF APPLICATION

Under Section 63.04(b) of the Commission's Rules, Applicants are filing a combined domestic and international Application. Applicants respectfully request streamlined treatment of this Application pursuant to Sections 63.03, 63.10, and 63.12 of the Commission's Rules.

This Application is eligible for streamlined processing pursuant to Section 63.03(b)(2) of the Commission's Rules because immediately following the Transaction: (1) Assignee will have a market share in the interstate interexchange market of less than ten percent (10%); (2) Assignee will provide competitive telephone exchange services exclusively in geographic areas served by a dominant local exchange carrier that is not a party to the Transaction; and (3) no Applicant nor any of their respective affiliates or subsidiaries are regulated as dominant with respect to any service.

This Application also qualifies for streamlined treatment under Section 63.12 of the Commission's rules because: (1) Applicants are not affiliated with a dominant foreign carrier; (2) as a result of the transaction, Applicants will not be affiliated with any foreign carrier as defined in the Commission's rules; and (3) none of the other scenarios outlined in Section 63.12(c) of the Commission's rules apply.

III. DESCRIPTION OF THE TRANSACTION

On July 2, 2020, GTL, Legacy, and Edovo entered into a Master Transaction Agreement ("Agreement") pursuant to which GTL will purchase certain assets and customers of Legacy, including certain customer accounts and receivables, certain customer agreements and contracts, certain vendor agreements and contracts, and certain equipment (the "Transaction"). The assets

to be purchased do not include the Commission authorizations held by Legacy. Consummation of the Transaction is contingent on, among other things, receipt of all necessary regulatory approvals.

Pursuant to the Transaction, Legacy will assign the following correctional facility contracts to GTL: (1) Cook County, Illinois; (2) Fresno County, California; (3) Maine Department of Corrections; (4) Bay County, Florida; (5) Sonoma County, California; (6) Kane County, Illinois; (7) City of Santa Ana, California; (8) Jackson County, Oregon; (9) Mendocino County, California; (10) Carroll County, Maryland; (11) Yolo County, California; (12) Dunn County, Wisconsin; and (13) Santa Clara County, California (collectively, the “Correctional Facility Customers”). As a result of the Transaction, GTL will provide ICS to the Correctional Facility Customers pursuant to the terms of the above-referenced contracts.

The Correctional Facility Customers will receive notice of the Transaction as required under the terms of Legacy’s existing contracts with the Correctional Facility Customers. Inmates and their friends and family also will be notified that GTL is now the provider of ICS in the correctional facility via web-posting, internal posting, recorded messages on the interactive voice response (“IVR”) system, and customer service representatives. Current Legacy customers will receive service from GTL pursuant to the same or similar rates, terms, and conditions without any immediate changes. GTL will continue to provide a high level of technical operations and customer service to Legacy’s customers after consummation of the Transaction.

IV. PUBLIC INTEREST STATEMENT

Applicants submit the Transaction is in the public interest, convenience, and necessity as it will permit the continued, uninterrupted provision of high-quality service to the Correctional

Facility Customers, inmates, and their friends and families. The proposed Transaction will have no adverse impact on customers and will not alter the manner of service delivery to Legacy's current customers. Following consummation of the Transaction, GTL will continue to provide high-quality communications services to Legacy's customers without interruption and without immediate change in rates, terms, or conditions.

Customers will benefit from the extensive telecommunications experience and expertise of GTL, which has significant experience in the ICS market. Following the Transaction, the affected customers will continue to receive services consistent with the quality of services currently provided by Legacy that will be supported by GTL's experienced and well-qualified management team.

Further, the proposed Transaction will not adversely affect competition because, after consummation of the Transaction, the total share of the interstate interexchange market of GTL will be less than ten percent (10%), and there are many other interexchange and international carriers operating on a nationwide basis, including other ICS providers. The Transaction will not provide Applicants with any competitive advantage as the result of concentration of fiber assets and will not harm consumers or negatively impact the market for facilities-based service. The proposed Transaction will not have a negative impact on the public interest, services to customers, or competition.
