**Answer to Question 13**

On February 12, 2021, DISH Wireless L.L.C. (“DISH” or “Assignee”) executed an Asset Purchase Agreement whereby DISH will acquire from Republic Wireless, Inc. (“Republic” or “Assignor”) certain assets used by Republic’s mobile virtual network operator (“MVNO”) wireless services business, including customers of that business (the “Transaction”). As a result of the Transaction, DISH will become the telecommunications service provider to the transferred customers.

The note to section 63.24(b) of the Commission’s rules (47 C.F.R. § 63.24(b) note) provides: “[t]he sale of a customer base, or a portion of a customer base, by a carrier to another carrier, is a sale of assets and shall be treated as an assignment, which requires prior Commission approval under this section.” Therefore, the Applicants are filing this Application in compliance with section 63.24(b) to seek the Commission’s approval for the sale of the Republic customer base to DISH.

Assignor is not assigning its international Section 214 authorization to Assignee as part of the Transaction and will retain its International Section 214 File Number after consummation of the Transaction (File Number ITC-214-20150512-00122). Effective as of the date the Transaction is completed, Assignee requests that the Commission generate a new ITC-214 file number in the name of DISH Wireless L.L.C.

**Answer to Question 20**

Pursuant to sections 63.12 and 63.18(p), the Applicants request streamlined processing of the Application because none of the parties hereto is affiliated with any foreign carrier nor is any party affiliated with any dominant U.S. carrier whose international switched or private line services are being resold.
