JOINT APPLICATION

I. INTRODUCTION AND REQUEST FOR STREAMLINED TREATMENT

Pursuant to Section 214 of the Communications Act of 1934, as amended (the “Act”)¹, and Sections 63.04, 63.18, and 63.24 of the Commission’s Rules², PNG Telecommunications, Inc., a company located at 8805 Governors Hill Drive, Suite 250, Cincinnati, Ohio 45349 (“PNG” or “Buyer”) and the following operating entities, located at 2000 Town Center, Suite 1900, Southfield, Michigan 48075, that share common ownership: Business Network Long Distance, Inc (“BNLD”); Integrated Services, Inc. (“ISI”); Multiline Long Distance, Inc. (“MLDI”); National Access Long Distance, Inc. (“NALD”); and Nationwide Long Distance

¹ 47 U.S.C. § 214.

² 47 C.F.R. §§ 63.04, 63.18 and 63.24.

Service, Inc. (“NLDS”) (such affiliated operating companies collectively, the “Operating Companies” or “Sellers” and collectively with PNG, “Applicants”), by and through undersigned counsel, hereby request that the Commission grant such authority as may be necessary or required to enable Applicants to consummate a transaction whereby PNG will acquire the domestic and international long distance customer bases of the Operating Companies (“Transaction”). The Operating Companies resell the long-distance services of PNG, so the Transaction will not result in any change in the underlying services any of the customers receive and the customers being transferred will continue to receive services from the same ultimate provider following the Transaction. Immediately following the proposed Transaction, customers of Operating Companies will continue to receive services under the same rates, terms and conditions as those services are currently provided. After the transfer, PNG will provide international service to its new customer under its existing international section 214 authorization, ITC-214-19961011-00515.

Applicants request streamlined treatment of this Application pursuant to Sections 63.03 and 63.12 of the Commission’s Rules, 47 C.F.R. §§ 63.03 and 63.12. This Application is eligible for streamlined processing pursuant to Section 63.03(b)(2) of the Commission’s Rules because (i) immediately after the proposed Transaction, PNG (including its affiliates, as that term is defined in Section 3(1) of the Act) will have a market share in the interstate, interexchange market of less than 10 percent; (ii) the Applicants (including their affiliates) will provide competitive telephone exchange services or exchange access services exclusively in geographic areas served by a dominant local exchange carrier that is not a party to the Transaction; and (iii) neither the Applicants nor any of their affiliates are regulated as dominant with respect to any service. This Application qualifies for streamlined treatment under Section

63.12(c) of the Commission's Rules because (i) Applicants are not affiliated with a foreign carrier and will not become affiliated with any foreign carrier as a result of the proposed Transaction; (ii) Applicants are not affiliated with any dominant U.S. carrier whose international switched or private line services that either PNG or Operating Companies seek authority to resell, nor will PNG or Operating Companies be so affiliated post-close; and (iii) none of the other scenarios outlined in Section 63.12(c) of the Commission's Rules, 47 C.F.R. § 63.12, apply.

B. PNG

PNG is an Ohio corporation headquartered at 8805 Governors Hill Drive, Suite 250, Cincinnati, Ohio 45349. PNG is engaged in the business of providing telecommunications services including long distance services throughout the country. PNG is a full-service provider of integrated voice, data, wi-fi, and managed services provider to commercial customers. PNG holds authority to provide interexchange services throughout the United States and holds authority to provide competitive local exchange services in thirty-six states pursuant to a Certificate of Public Convenience and Necessity or equivalent authorization. PNG is authorized to provide domestic, interstate service by virtue of blanket domestic 214

authority and holds international 214 authority pursuant to authority granted by the Commission in File No. ITC-214-1996101100515.

III. DESCRIPTION OF THE TRANSACTION

Applicants have agreed to complete a Transaction whereby PNG will acquire solely the Operating Companies' customer bases without acquiring any other operating telecommunications assets or authorizations. As a result, any authorizations, registrations, or certifications held by the Operating Companies will remain with the Operating Companies and PNG will continue to operate solely under its own authorizations.

The Operating Companies are currently reselling the domestic and international long-distance services of PNG so, upon completion of the Transaction, those customers will receive the services directly from PNG instead of through a third-party reseller. Applicants have entered into an Account Purchase Agreement whereby PNG will purchase the domestic and international long distance customer bases of the Operating Companies. Applicants therefore seek approval by and through this application, to the extent required, for the assignment of those service arrangements from the Operating Companies to PNG.

PNG is well qualified to provide service to the customers being transferred as a result of this Transaction. In fact, PNG is already the underlying provider of those services that Operating Companies are providing on a resold basis. PNG has a highly qualified management team and has access to the technical and financial resources necessary to provide service those customers.

Although the customers in question will technically experience a change in carriers immediately following the Transaction, the customers will continue to receive the same services that they currently receive, under the same rates, terms and conditions of service.

Customers will receive notice of the Transaction³ and no customers are expected to be discontinued as a result of the Transaction. As a result, the proposed Transaction will be transparent to affected customers in terms of the services those customers receive.
