### **Answer to Question 13**

On April 14, 2020, Frontier and all of its affiliates, including the Frontier Subsidiaries, filed a Petition under Chapter 11 of the United States Bankruptcy Code in the United States Bankruptcy Court for the Southern District of New York, in Case No. 20-22476. The filing of the Petition served to convert the legal status of Frontier and the Frontier Subsidiaries to debtors-in-possession (“DIP”) that will continue to operate the business during the court-supervised reorganization process.<sup>3</sup> The bankruptcy filing did not result in any change to the current operations and Frontier continues to operate as normal without any expected interruption to its valued customers. The reorganization of Frontier through the bankruptcy process is expected to improve the company’s financial and operational status to the benefit of its customers.

Upon the Chapter 11 filing, the International Section 214 Authorizations held by the Frontier Subsidiaries were assigned on a *pro forma* basis to the applicable Frontier Subsidiary as DIP. The International Section 214 Authorizations also underwent a *pro forma* transfer of control from Frontier to Frontier as DIP. The Chapter 11 filing did not otherwise change the ownership or control of the Frontier Subsidiaries and the International Section 214 Authorizations.

The Chapter 11 filing will not interrupt any service to residential, business or wholesale consumers, will not impact Frontier’s ability to provide voice, data or video services, and will not impact Frontier’s provision of 911 services throughout its service territory. Further, the Chapter 11 filing will not result in a change to the rates or terms of service provided to customers or offered to prospective customers in the normal course of business. Frontier intends to continue its existing operations and to comply with existing regulatory obligations and

<sup>3</sup> The Commission previously approved the sale of Frontier’s operations across Idaho, Montana, Oregon, and Washington to Northwest Fiber, LLC (“Northwest Fiber”), including Frontier Communications Northwest Inc. (“Frontier Northwest”). *See Applications Filed for the Transfer of Control of Certain Subsidiaries of Frontier Communications Corporation to Northwest Fiber, LLC*, Memorandum Opinion and Order and Declaratory Ruling, WC Docket No. 19-188, DA 19-1302 (rel. Dec. 19, 2019). As a result of the Chapter 11 filing, Frontier Northwest also became a DIP. Frontier anticipates that the transaction with Northwest Fiber will close on May 1, 2020. Effective immediately prior to closing, Frontier Northwest will be dismissed from the bankruptcy proceeding, and it no longer will be deemed to have DIP status. Upon closing, ownership and control of Frontier Northwest will be assumed by Northwest Fiber. *See Letter from William F. Maher and Jennifer L. Kostyu, Counsel to Frontier, to Marlene H.
