ANSWER TO QUESTION 13

The assignment of the international Section 214 authorization from Assignor to Assignee is *pro forma* in nature.

No substantive change in control has occurred because of the conversion of IVC 2-I from a partnership to a limited liability company. MTCO Corporation had a 100 percent partnership interest in IVC 2-I and has a 100 percent membership interest in IVC 2-I, LLC. It indirectly holds a 98 percent partnership interest through its interest in Marseilles Cellular, Inc. (which directly holds a 98 percent membership interest in IVC 2-I, LLC) and directly holds a 2 percent membership interest in IVC 2-I, LLC.

Therefore, the transaction is *pro forma* in nature because the licenses continue to remain under the same control both prior to and following consummation of the transaction.
