Re: File Nos. ITC-T/C-20130912-00242 and ITC-STA-20130912-00258
Request for Extension of Special Temporary Authority
Roy Martin Bell, Transferor
Epsilon Telecommunications (US) Pte. Ltd., Licensee
Andreas Hipp, Transferee

Dear Ms. Dortch:

Andreas Hipp, Roy Martin Bell, and Epsilon Telecommunications (US) Pte. Ltd. ("Epsilon") (collectively, the "Parties"), through undersigned counsel and pursuant to Section 214 of the Communications Act, as amended, 47 U.S.C. § 214, and Section 63.24 of the Commission's Rules, 47 C.F.R. § 63.24, respectfully request an extension of the attached Special Temporary Authority ("STA") that was granted on October 28, 2013, in connection with the transfer of control of Epsilon, a non-dominant international service carrier holding Commission authorization, to Andreas Hipp (the "Transaction").

The Department of Justice and Department of Homeland Security (together, "Team Telecom") have not yet concluded their review of the Transaction. Accordingly, the Parties request STA authority for an additional sixty (60) days, commencing on December 28, 2013, to permit Epsilon to continue operating pursuant to its international 214 authority under Mr. Hipp's ownership and control while Team Telecom completes its review.

The Parties acknowledge that grant of this extension request will not prejudice action by the Commission on the underlying Application, that any authority granted pursuant to this request is subject to cancellation or modification upon notice but without a hearing, and that grant of this request will not impact any enforcement action by the Commission.

Andreas Hipp, Transferee
Request for Special Temporary Authority*

Dear Ms. Dortch:

Andreas Hipp, Roy Martin Bell, and Epsilon Telecommunications (US) Pte. Ltd. ("Epsilon") (collectively, the "Parties"), through their undersigned counsel and pursuant to Section 214 of the Communications Act, as amended, 47 U.S.C. § 214, and Section 63.24 of the Commission's Rules, 47 C.F.R. § 63.24, respectfully request Special Temporary Authority ("STA") for the transfer of control of Epsilon, a non-dominant international service carrier holding Commission authorization, to Andreas Hipp (the "Transaction").¹ This transfer was completed in May, 2012, and occurred when Mr. Hipp, the largest Epsilon shareholder, acquired more than 50% of Epsilon's shares. Although the Transaction resulted in a change in the ownership of Epsilon, no assignment of authorizations, assets or customers occurred as a consequence of the Transaction.² Epsilon continues to serve its existing customers pursuant to its authorizations under the same rates, terms and conditions. The Parties respectfully request that the Commission grant this STA request as soon as possible and that the STA remain effective for 60 days.

As detailed in the underlying application filed concurrently herewith, a copy of which is attached hereto (the "Application"), Epsilon holds international Section 214 authority to operate in the United States as a facilities-based and resale international carrier pursuant to File No. ITC-214-20110316-00077 granted on April 29, 2011. Epsilon's individual owners at the time of its formation in 2011 were (i) Andreas Hipp (40%), an Austrian citizen, (ii) Roy Martin Bell (30%), a United Kingdom citizen, and (iii) Jerzy Szlosarek (30%), a United Kingdom citizen. As of the date of the Application, Epsilon's individual owners are Andreas Hipp (70%) and Jerzy Szlosarek (30%).

¹ Applicants are concurrently filing a Joint Application for Authority Pursuant to Section 214 of the Communications Act of 1934, as Amended, for the Transfer of Control of an Authorized U.S. International Communications Common Carrier.

² Epsilon obtained international Section 214 authority pursuant to File No. ITC-214-20110316-00077 granted on April 29, 2011.

In May 2012, Mr. Bell resigned from Epsilon and transferred all of his shares to Mr. Hipp, thereby increasing Mr. Hipp's 40% ownership to 70%. The Applicants did not file an application for approval prior to completing the Transaction because the Transaction did not entail the assignment of any customers, services or licenses, and the Applicants were not aware that Commission approval was required for this type of transaction among the existing shareholders. The Applicants recently sought advice as to the regulatory approvals necessary for a proposed transfer of control to another entity³ and became aware for the first time that approval from the Commission had been necessary for the prior transfer of shares from Mr. Bell to Mr. Hipp. Upon being made aware of the prior omission, Applicants took steps to promptly prepare and file the attached Application together with this request for Special Temporary Authority.

Accordingly, the Parties request that the Commission grant the STA to permit Epsilon to continue operating pursuant to its international 214 authority pending approval of the prior transfer. The Parties respectfully request grant of the STA as soon as possible. The Parties acknowledge that grant of this request will not prejudice action by the Commission on the underlying Application, that any authority granted pursuant to this request is subject to cancellation or modification upon notice but without a hearing, and that grant of this request will not impact any enforcement action by the Commission.

Should you have any questions or require further information, please do not hesitate to contact us.
