The Applicants file a request to extend the domestic STA on Feb. 3, and we granted it on Feb. 4 for 60 days. Thanks.

Did the company end up filing a request for an extension?

George,

We understand from the company's counsel that the company intended to file a request for an extension of the STA for 60 days. We have not received a request for comment from the FCC regarding that STA extension, but assuming that the company did indeed file such a request, Team Telecom has no objections to the extension of that STA for 60 days.
