In the Matter of
IDS Long Distance, Inc.
Application for Authority for Transfer of)
Control pursuant to Section 214 of the)
Communications Act of 1934, as amended) File No. _____

REQUEST FOR TRANSFER OF CONTROL

IDS Long Distance, Inc. ("IDS") hereby requests authority, pursuant to Section 214 of the Communications Act of 1934, as amended, 47 U.S.C. Section 214, and Section 63.18 of the Commission's Rules, 47 C.F.R. Section 63.18, to transfer control of the company to IDS Telcom.

IDS Long Distance, Inc. is a company organized under the laws of the state of Florida. The company previously obtained authority on August 14, 1995 (TTC 95-399) to resell the telecommunications facilities of other common carriers and is not a facilities-based carrier. International telecommunications services are obtained by IDS Long Distance, Inc. from other common carriers who are currently authorized by the Commission to provide international service.

IDS has entered into a partnership with Anthony L. Petrone, Inc. The name of the new partnership is IDS Telcom. IDS Telcom was organized under the laws of the State of Florida on August 6, 1999. The addition of the new partner will result in a stronger financial position from which to continue to providing quality service options to customers of IDS Telcom. Service will be provided by the partnership, and IDS Long Distance, Inc. will no longer operate as a certificated carrier, and therefore seeks assignment of its license to IDS Telcom.

In support of IDS Long Distance, Inc.'s request for authority to transfer control, the following information is submitted pursuant to Section 63.18 of the Commission Rules, 47 C.F.R. Section 63.18.

(a) The name, address and telephone number of

(d) IDS Long Distance, Inc. has previous authority under Section 214, ITC 97-399. IDS Telecom has not obtained previous authority under Section 214.

(e) IDS Long Distance, Inc. requests Section 214 Authority Section 63.18(e)(3) to assign its license so that IDS Telecom may operate as a resale carrier pursuant to the terms and conditions of Section 63.18 (e)(2).

(f) See (e) above.

(g) IDS Long Distance, Inc. does not have and does not seek facilities-based authority under Section 63.18(e)(4).

(h) Applicant certifies that there exist no interlocking directorates with any foreign carrier. In support of this request, IDS Telecom submits the following information on its ten percent or greater direct and indirect equity owners.

<u>Name/Address</u>	<u>Percent Ownership</u>	<u>Citizenship</u>	<u>Principal Business</u>
<u>IDS Long Distance, Inc.</u>	60%	USA	telecommunications
Joe Millstone		USA	telecommunications
Michael Noshay		USA	telecommunications
<u>Anthony Petrone, Inc.</u>	40%	USA	telecommunications
Anthony Petrone			

(i) IDS Telecom certifies that it is not a foreign carrier nor is it affiliated with any foreign carrier.

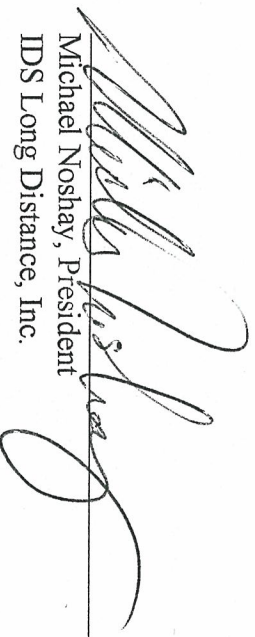

- (j) IDS Telecom certifies that it is not a foreign carrier, nor does it control a foreign carrier as defined in Section 63.09(d), in any country. IDS Telecom further certifies that no owner controls a foreign carrier in any country. Finally, IDS Telecom certifies that no two or more foreign carriers, or parties that control foreign carriers, own more than 25% of the applicant, or are parties to or beneficiaries of a contractual relation affecting the provision or marketing of international basic telecommunications services in the United States.
- (k) See (j) above.
- (l) See (j) above.
- (m) See (i) above.
- (n) IDS Telecom certifies that it has not agreed to accept special concessions directly or indirectly from any foreign carrier with respect to any U.S. international route, where the foreign carrier possesses sufficient market power on the foreign end of the route to affect competition adversely in the U.S. market, and will not enter into such agreements in the future.
- (o) IDS Telecom certifies that neither IDS Telecom nor any party to this application is subject to a denial of Federal benefits, as provided in the Anti-Drug Abuse Act of 1988, 21 U.S.C. 853a.

Conclusion

IDS Telcom requests streamlined processing of this application pursuant to Section 63.12.

In support of this request, IDS Telcom states that it is not affiliated with a foreign carrier in a destination market, is not affiliated with a dominant U.S. carrier whose international switched or private line services it plans to resell, nor does it seek authority to provide switched basic services over private lines to a country for which the Commission has not previously authorized the provision of switched services over private lines. As demonstrated in this application, IDS Telcom is legally qualified to receive assignment of IDS Long Distance, Inc.'s license. For the reasons stated above, the applicants submit that the public interest, convenience and necessity would be furthered by a grant of this Section 214 request for transfer of control.

Dated this 18th day of January, 2000.
