Description of Application: _____

MJD Ventures is a wholly-owned subsidiary of MJD Communications, a Delaware corporation.

THL and related funds presently own a non-voting, preferred stock comprising a 43.3 percent equity interest in MJD Communications. Upon receipt of Commission approval of this application and applications for transfer of control of other Commission authorizations, THL and related funds will convert their preferred stock into common stock comprising a 47.2 percent voting interest in MJD Communications. At that point, THL will be the largest stockholder of MJD Communications and its principal source of future additional equity funding. In other words, THL will obtain and exercise de facto control of MJD Communications and its subsidiaries, including C&E, at the time of conversion and for the foreseeable future thereafter. It is likely that THL's common stock interest in MJD Communications will grow to exceed the 50.0 percent de jure control boundary at some point during the next year or two.

The proposed transfer of control of MJD Communications and its subsidiaries, including C&E, to THL will serve the public interest by allowing C&E to draw upon the financial and administrative resources of THL and MJD Communications as it continues to resell and market its international telecommunications services in highly competitive markets.

Grant of this application will serve the public interest, convenience and necessity. The following information is submitted pursuant to Section 63.18 of the Commission's Rules:

- a) Names, addresses, and telephone numbers of the applicants are:
