VOICESTREAM WIRELESS CORPORATION, POWERTEL, INC., AND DEUTSCHE TELEKOM AG SEEK FCC CONSENT TO TRANSFER CONTROL OF LICENSES AND AUTHORIZATIONS AND REQUEST DECLARATORY RULING ALLOWING INDIRECT FOREIGN OWNERSHIP

IB Docket No. 00-187

Petitions/Comments due: November 13, 2000
Oppositions/Responses due: November 27, 2000

I. THE TRANSACTION

On September 18, 2000, VoiceStream Wireless Corporation ("VoiceStream"), Powertel, Inc. ("Powertel"), and Deutsche Telekom AG ("DT") (collectively "Applicants") filed applications under Sections 214 and 310(d) of the Communications Act of 1934, as amended,¹ ("the Act"), seeking Commission approval of the transfer of control to DT of licenses and authorizations presently held by VoiceStream, Powertel, and their subsidiaries.² This transfer of control would take place as the result of a proposed merger, whereby first VoiceStream, and then Powertel, would become wholly owned subsidiaries of DT. VoiceStream and Powertel also filed a separate set of applications seeking Commission consent to allow Powertel to become a wholly owned subsidiary of VoiceStream rather than DT, in the event the proposed VoiceStream-DT (and Powertel-DT) mergers are not approved.

¹ 47 U.S.C. §§ 214, 310(d).

² The services to which these applications pertain are: Personal Communications Service ("PCS"), Specialized Mobile Radio ("SMR"), Experimental licenses, Fixed Microwave, Local Multipoint Distribution Service ("LMDS"), and international Section 214 authorizations.

II. PETITIONS FOR DECLARATORY RULING ALLOWING INDIRECT FOREIGN OWNERSHIP

VoiceStream and Powertel have each filed petitions pursuant to Section 310(b)(4) of the Act for a declaratory ruling that the 100 percent indirect control by DT of licenses held by VoiceStream, Powertel, and their subsidiaries is in the public interest.³ DT is a corporation organized under the laws of the Federal Republic of Germany. As of the filing date of the application, the German government owned 58.2 percent of the equity in DT.⁴ The German government's ownership interest in DT would decrease to 45.7 percent as a result of DT's merger with VoiceStream, and would decrease further, to approximately 44 percent, as a result of DT's merger with Powertel.⁵ Applicants expect that other licensees listed herein, in which VoiceStream or Powertel holds or proposes to hold noncontrolling interests, may file additional petitions for declaratory ruling under Section 310(b)(4). Upon filing, the Commission will include those applications in this docket and release separate public notices regarding those applications.

III. OTHER APPLICATIONS AFFECTED

The Commission has before it other applications for transfer of control or assignment filed by VoiceStream and certain other parties. With respect to currently pending applications seeking consent for VoiceStream to acquire additional licenses,⁶ we will consider as minor an amendment to add any such licenses to this docket for ultimate transfer of control to DT or an amendment to these pending applications to reflect DT as the ultimate transferor or real party in interest. With respect to recently granted or currently pending applications seeking consent for VoiceStream to assign, partially assign, or transfer control of certain licenses to third parties,⁷ we will consider as minor an amendment to delete any such licenses from this docket in the event

³ The VoiceStream petition for declaratory ruling has been assigned File No. ISP-PDR-20000918-00031. The Powertel petition for declaratory ruling has been assigned File No. ISP-PDR-20000918-00030.

⁶ See Cook Inlet Region, Inc., Applications for Transfer of Control to VoiceStream, Lead File No. 0000216961 (filed September 14, 2000). Comments with respect solely to this transaction should be filed based on instructions contained in the public notice that will be issued with respect to the applications involved in this transaction. In addition, an application for consent to assign licenses from STPCS D Block, LLP to VoiceStream PCS BTA 1 License Corporation was filed on September 22, 2000, File No. 0000222412, and applications for consent to assign licenses from Shenandoah Mobile Company to Cook Inlet/Vs GSM IV PCS, LLC and VoiceStream PCS BTA 1 License Corporation, respectively, were filed on September 25, 2000, File Nos. 0000219994 and 0000219997. Comments with respect solely to these two transactions should be filed based on the public notice for these applications. See WTB Report No. 665 (rel. Oct. 11, 2000). Furthermore, an application to partially assign licenses KNLF249 and KNLF253 from AT&T Wireless PCS, L.L.C. to Omnipoint Holdings, Inc. was filed July 27, 2000. See WTB Report No. 603, File No. 0000192987 (rel. Aug. 2, 2000).

⁷ See Applications referenced in footnotes 18, 20, 21, 22, 23, and 24 *infra*.

that any of these transactions is consummated before the disposition of the applications in this docket.⁸

If, before the initial disposition in this docket, VoiceStream or Powertel files additional applications seeking consent to acquire additional licenses that the Applicants intend will ultimately be controlled by DT, Section 1.65 of the Commission's Rules requires the prompt filing of an amendment in this docket to report the additional applications and the relevant parties' request with respect to ultimate control of those licenses.⁹ We will treat any such amendments as minor.

Furthermore, if any applications involving VoiceStream or Powertel remain pending when the contemplated mergers with DT are consummated, we will consider as minor amendments to those pending applications reflecting that DT is the real party in interest.

IV. FOREIGN CARRIER NOTIFICATIONS

VoiceStream and Powertel have notified the Commission, pursuant to Section 63.11 of the Commission's Rules,¹⁰ that VoiceStream and Powertel entities authorized to provide international service pursuant to Section 214 will become affiliated with foreign carriers within the meaning of Section 63.09 of the Commission's Rules.¹¹
