COMMISSION SEEKS COMMENT ON APPLICATION FOR
CONSENT TO TRANSFER OF CONTROL FILED BY
AT&T INC. and BELLSOUTH CORPORATION

WC Docket No. 06-74

PLEADING CYCLE ESTABLISHED

Comments/Petitions Due: June 5, 2006
Responses/Oppositions to Petitions Due: June 20, 2006

AT&T Inc. ("AT&T") and BellSouth Corporation ("BellSouth") (collectively, "the Applicants") have filed a series of applications pursuant to sections 214 and 310(d) of the Communications Act of 1934, as amended¹ and section 2 of the Cable Landing License Act.² In these applications, the Applicants seek Commission approval of the transfer of control to AT&T of licenses and authorizations held directly and indirectly by BellSouth. This transfer of control will take place as a result of a proposed acquisition whereby BellSouth will become a wholly owned subsidiary of AT&T. These transfer of control applications pertain to domestic and international section 214 authorizations, cable landing licenses, Part 25 satellite earth station authorizations, various wireless licenses and Part 5 Experimental Radio Service licenses.

The Applicants also seek consent to the transfer of control of Cingular Wireless LLC ("Cingular") and its various subsidiaries and affiliates.³ The Applicants assert that the transfer of control of the vast majority of Cingular's licenses and authorizations will be non-substantial (*i.e., pro forma*) in nature and that the Commission's rules and precedents require only post-consummation notification rather than advance consent for the proposed transaction.⁴ Nevertheless, the Applicants have filed applications

¹ 47 U.S.C. §§ 214, 310(d).

² *Id.* § 35; *see generally* An Act Relating to the Landing and Operation of Submarine Cables in the United States, 47 U.S.C. §§ 34-39 ("Cable Landing License Act").

³ AT&T holds a 60 percent economic interest in Cingular, and BellSouth holds 40 percent; however, each parent has a 50 percent voting interest in Cingular's manager, Cingular Wireless Corporation. Thus, the two parties share negative control of Cingular. *See In re Applications of AT&T Wireless Services, Inc. & Cingular Wireless Corp.*, Memorandum Opinion and Order, 19 FCC Rcd 21522, 21534 ¶ 26 (2004); *In re Applications of SBC Communications & BellSouth Corp.*, Memorandum Opinion and Order, 15 FCC Rcd 25459, 25462 ¶ 7 (WTB/IB 2000).

⁴ AT&T Inc. and BellSouth Corporation Public Interest Statement at 127-32, WC Docket No. 06-74 (filed March

seeking advance consent out of “an abundance of caution.”⁵

These transfer of control applications were filed in connection with a proposed acquisition whereby AT&T will acquire BellSouth. At closing, a wholly owned subsidiary of AT&T will be merged with and into BellSouth, with BellSouth being the surviving entity. Each share of common stock of BellSouth will be converted into 1.325 shares of AT&T common stock. BellSouth thus will become a wholly owned subsidiary of AT&T. While AT&T will become the new parent of BellSouth, BellSouth will continue to own the stock of its subsidiaries, and BellSouth and its subsidiaries will continue to hold all of the FCC licenses and authorizations that they hold prior to the merger.⁶

In addition, by combining the separate interests AT&T and BellSouth currently have in Cingular, that entity will become a wholly owned subsidiary of AT&T. Cingular will continue to hold all of its current interests in its subsidiaries and affiliates, and Cingular, its subsidiaries, and its affiliates will continue to hold all of the FCC licenses and authorizations that they hold prior to the merger.
