Re: Application for Consent To Transfer Of Control Of
GUAM CABLE GROUP, INC.,
From STARTEC GLOBAL OPERATING COMPANY, Transferee
To GUAM TELECOM, LLC, Transferor

Attn: Jodie May, Wireline Competition Bureau

Dear Ms. Dortch:

On September 19, 2006, an application was filed for Commission consent to the transfer of control of Guam Cable Group, Inc. ("GCG"), from Startec Global Operating Company to Guam Telecom, LLC ("GTL"). GCG holds international and domestic Section 214 authority, as well as interests in cable landing licenses.

The following information is provided at the informal request of the Commission staff.

Ownership: As reflected in the Application, the ultimate controlling ownership interests in GTL, are held by three persons: William Luby, James Collis, and The J. Patrick Michaels Family Trust.

Messrs. Luby and Collis hold cognizable interests in Seaport Associates III, L.P., which indirectly holds a controlling voting interest in Everest Midwest, LLC, a competitive local exchange carrier providing voice and data communications services in the Kansas City metropolitan area. See WC Docket No. 06-75.

J. Patrick Michaels, Jr., Trustee of the J. Patrick Michaels Family Trust, holds a cognizable interest in CEA Capital Corp., which indirectly holds a controlling voting interest in Reserve Long Distance, Inc., a rural incumbent local exchange carrier providing voice and data communications services in the communities of Reserve and La Place, Louisiana.

Services: GCG holds certain infeasible rights of use in the TPC-5, China-US and Guam-Philippines undersea cables, leasehold interests that permit it to collocate equipment at the Tumon Bay and Tanguisson cable landing stations in Guam, and leasehold interests in fiber optic capacity linking these cable landing stations. GCG makes these facilities available to other licensed carriers for resale. It does not provide services to end users.

Kindly communicate any questions directly to this office.

Respectfully submitted,
