Re: **File No. ITC-T/C-20070419-00161: Application of US LEC Communications Inc. and PAETEC Communications, Inc. for Approval to Transfer Assets Consisting of US LEC's Customer Base in Certain States – Withdrawal and Request for Dismissal of International Section 214 Application Filed on April 18, 2007**

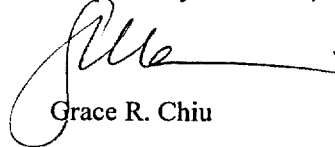

Dear Ms. Dortch:

PAETEC Communications, Inc. ("PAETEC") and US LEC Communications Inc. ("US LEC," together with PAETEC, the "Parties"), hereby withdraw and request dismissal of the above referenced international section 214 application, which was filed with the Commission on April 18, 2007 ("Application"). The Application was filed electronically via IBFS and with Mellon Bank by courier along with a check payment of \$1930.00 to satisfy the filing fee.¹

The International Bureau ("Bureau") subsequently notified the undersigned counsel that the transaction that is the subject of the Application is *pro forma* and does not require prior Commission approval. It is our understanding that the transfer of customer accounts between two entities that are under common ownership and control is considered to be a *pro forma* transfer of assets for which the Parties not required to submit a fee application. The Parties therefore withdraw and request dismissal of the Application.

Please contact me if there are any questions.

Respectfully submitted,

Grace R. Chiu

Their Counsel

¹ The filing fee required for the Application was incorrectly calculated to be twice the amount it should have been, which was \$965.00. The Parties will request a refund of the filing fee under separate cover.
