**Re: The Southern Kansas Telephone Company, Inc.
International Section 214 Authorization,
File No. ITC-T/C-20090324-00131**

Dear Ms. Dortch:

In order to update the Commission's records, The Southern Kansas Telephone Company, Inc. ("Southern Kansas" or the "Company") hereby reports a change in ownership that does not change the control of it. The instant change in ownership which occurred on April 29, 2010 reflects the redemption of voting stock and non-voting stock of certain of the Southern Kansas stockholders.¹

As noted in the attached, there had been no 50% or greater owner of the issued and outstanding voting stock of Southern Kansas and the reduction of the current of 10% or greater owners of the voting stock from 4 to 2 and of the non-voting shareholders from 4 to 2 as well would not create an owner with 50% or greater ownership interest.² More specifically, the issued and outstanding shares of the voting stock in the Company has been reduced from 10,000 shares voting to 5,002 shares and non-voting shares reduced from 990,000 shares to 495,198 shares. Moreover, the existing management individual that oversees the current day-to-day operations of the company, Mr. Kendall Mikesell (which is the trustee of one of the remaining trusts with voting rights), continues in that role now that the stock re-purchase has been consummated.

There are no special voting rights at issue. All votes of the shareholders owning the voting shares of Southern Kansas are based on the number of shares owned.

² A minority shareholder of Southern Kansas would remain.
