**Cc:** sbeck@cornerworld.com; 'Ned Timmer'  
**Subject:** Clarification regarding the 214 transfer to Woodland Holdings  
Sumita,

On the behalf of Phone Services and More, LLC, T2 Communications, LLC as well as Woodland Holdings Corp and Cornerworld Corp, this email is to clarify that Phone Services and More d/b/a Visitatel is the only entity with an international 214 license. Phone Services and More is the same entity as Visitatel and is not the parent company of Visitatel; Phone Services and More is doing business as Visitatel. T2 Communications only has a domestic 214 license and not an international 214 license. Additionally, I would like to note that Woodland is owned 100% by Cornerworld Corporation, incorporated in the state of Nevada, and within Cornerworld Corporation it has two shareholders with at least ten percent interest: Mr. Scott Beck owns 15 percent and Mr. Ned Timmer owns 33% of Cornerworld Corporation. No other person or entity directly or indirectly owns at least 10% of Cornerworld Corporation.

I thank you for your call today and I hope the above information fully clarifies the situation. If additional information is required, please let me know. Thank you.

Best Regards,

Peter Lazor
