Subject: FLAG Pro Formas

Dear Sumita,

This email is in connection with our call yesterday. Below please find information that will hopefully resolve the issues that we discussed:

1. Indeed, the numbers on the applications were transposed, and ITC-T/C-20091109-00472 for the 214 authorization held by Vanco Solutions, Inc. should contain the 214 file number ITC-214-20070703-00260, and ITC-T/C-20091109-00480 for the 214 authorization held by Vanco US LLC should contain the 214 file number ITC-214-20070703-00262. Thank you for bringing this to our attention!
2. Attached to this email please find the original joint filing by FLAG and Vanco (ITC-STA-20080527-00240) that discussed the name change of Yipes Enterprise Services, Inc. to Reliance Globalcom Services, Inc. The name change is referenced on page 1 of Attachment 1 to this filing, and in the body of the filing on page 2 of Attachment 2.

Also, with regards to item number 2 above, I am wondering if it would be helpful for us to file a brief letter to separately informing the Commission of the name change, rather than doing it in the context of a filing. I believe this issue has popped up with past filings, so I am wondering if filing a brief note might settle the issue for future filings. Please let me know if you think this might be helpful.

Thanks very much for your help!
Andy
