Rule 63.18 (d) International Authorizations

Telenational holds domestic operating authority pursuant to a blanket license under Rule 63.01. Telenational holds authority to provide global facilities-based and global resale services under File No. ITC-214-19970721-00421. Jenkins does not provide telecommunications services or hold any authority to do so.

Answer to Question 11

Rule 63.18(h) Ownership

Jenkins is an individual residing at 16767 Bollinger Drive, Pacific Palisades, California 90272. He is a United States citizen and his principal business is telecommunications management. Neither Jenkins nor any affiliate of Jenkins has interlocking directorates with any foreign carrier.

Following consummation of the subject transaction, Jenkins will hold 100% ownership and control of Telenational through Jenkin's wholly-owned subsidiary, New Rapid Link, a

Delaware corporation, which, in turn, will hold direct 100% ownership and control of Telenational.

Answer to Question 13

Description of Transaction

Telenational is a wholly-owned subsidiary of Rapid Link, Inc. (“Rapid Link”), a Delaware corporation. Jenkins is RapidLink’s Chairman of the Board and Chief Executive Officer, and currently is Rapid Link’s largest shareholder, holding, on an undiluted basis, 26% of Rapid Link’s shares. On a fully-diluted basis, Jenkins’ current interests in Rapid Link would exceed 80%. Pursuant to a Share Exchange Agreement, as amended on January 21, 2010, among Jenkins, the other holders of ownership interests in Rapid Link, and various third parties, including, Blackbird Corporation (“Blackbird”) and Blackbird shareholders, 100% ownership of Telenational will be transferred to a new corporation (“New Rapid Link”), which is wholly owned by Jenkins. Thus, Jenkins will indirectly hold 100% ownership and control of Telenational.

Following the consummation of this transaction, Telenational will continue to provide 1+ domestic and international telecommunications services, internet access, and various other services without change. However, it is contemplated that certain assets of Telenational that are used in the provision of wholesale call center, international wholesale, calling card, residential long-distance callback and related services, will subsequently be re-acquired by Rapid Link or one of its affiliates, subject to all requisite authorizations from the Commission and other government agencies therefor having been obtained. (Such authorizations are not being sought through this application, but, instead, will be sought through one or more appropriate applications to be filed in the future.)

Answer to Question 20

Rule 63.18(p) Streamlined Processing

This application is eligible for streamlined processing under Sections 63.03 and 63.12 of the Commission's Rules, 47 CFR § 63.03 and § 63.12. With respect to the domestic authority, the application is eligible for streamlining pursuant to 47 C.F.R. § 63.03 because the transferee is not a telecommunications provider. (*See* 47 C.F.R. § 63.03(b)(1)(ii).) With respect to the international authority, the application is eligible for streamlined processing because none of the exceptions to streamlined filing specified by paragraph (c) of Section 63.12 applies.
