Answer to Question 9

Description of Application

This application serves to notify the Commission of the *pro forma* transfer of control of YMax Communications Corp. ("YMax Communications") resulting from a merger involving YMax Communications' parent company. Specifically, YMax Corporation ("YMax"), which has a 100 ownership interest in YMax Communications, has merged with a subsidiary of VocalTec Communications Ltd. ("VocalTec") with YMax surviving as a wholly-owned subsidiary of VocalTec. Pre-merger shareholders of YMax hold, post-consummation, 90% of the shares outstanding of VocalTec; four of the seven Directors of VocalTec were, pre-merger, Directors of YMax; and the CEO and CFO of VocalTec were, pre-merger, the CEO and CFO of YMax. YMax Communications holds an International 214 Authorization to provide global or limited global facilities-based and global or limited global resale services, ITC-214-20050614-00222. The transaction was consummated on July 16, 2010.

Answer to Question 13

On July 16, 2010, a *pro forma* transfer of control was effectuated with the merger of VocalTec Merger Sub Inc., a Delaware corporation and wholly owned-subsidiary of VocalTec, a company organized under the laws of the State of Israel, with and into YMax, a Delaware corporation, with YMax continuing as the surviving entity. Prior to the *pro forma* transaction, YMax was the direct parent company to several companies, including YMax Communications. After the merger, YMax became a wholly-owned subsidiary of VocalTec. In the *pro forma* transaction, YMax shareholders received ordinary shares of VocalTec and remain in control of the merged entity. Pre-merger shareholders of YMax hold, post-consummation, 90% of the shares outstanding of VocalTec; four of the seven Directors of VocalTec were, pre-merger, Directors of YMax; and the CEO and CFO of VocalTec were, pre-merger, the CEO and CFO of YMax.

Further, the *pro forma* transfer of control of YMax Communications will serve the public interest, convenience and necessity by allowing YMax to structure its business and operations in a manner it deems the most efficient. In addition, the combination of patents and technology in the combined entity creates a much stronger company and enables it to achieve cost reductions through different synergies.

YMax Communications is authorized pursuant to Section 214 of the Act to provide global or limited global facilities-based and global or limited global resale telecommunications services between the United States and all authorized international points. *See* File No. ITC-214-20050614-00222.
