JOINT APPLICATION

Public Communications Services, Inc. (“PCS”) and Global Tel*Link Corporation (“GTL”) (collectively, the “Applicants”), hereby request approval from the Federal Communications Commission (“Commission”) pursuant to Section 214 of the Communications Act of 1934, as amended (the “Act”), 47 U.S.C. § 214, and Sections 1.763, 63.03, 63.04, 63.18, and 63.24(e) of the Commission’s rules, 47 C.F.R. §§ 1.763, 63.03, 63.04, 63.18, and 63.24(e), to transfer control of PCS to GTL and to transfer certain PCS assets to GTL.¹

I. REQUEST FOR STREAMLINED TREATMENT OF APPLICATION

Under Section 63.04(b) of the Commission’s rules, the Applicants are filing a combined domestic and international application, and the Applicants respectfully request streamlined treatment of this Application pursuant to Sections 63.03 and 63.12 of the Commission’s rules.

¹ *Amendment of Parts 1 and 63 of the Commission’s Rules*, 22 FCC Rcd 11398, ¶ 38 (2007) (indicating that asset acquisitions should be treated as assignments under the Commission’s international Section 214 rules); *Implementation of Further Streamlining Measures for Domestic Section 214 Authorizations*, 17 FCC Rcd 5517, ¶ 59 (2002) (finding that asset acquisitions should be treated as transfers of control under the Commission’s domestic Section 214 rules).

This Application is eligible for streamlined processing pursuant to Section 63.03(b)(2) of the Commission's rules because: (1) the proposed transaction will result in GTL having a market share in the interstate interexchange market of less than ten percent (10%); (2) GTL will provide competitive telephone exchange services exclusively in geographic areas served by a dominant local exchange carrier that is not a party to the transaction; and (3) neither the Applicants nor any of their affiliates are regulated as dominant with respect to any service.

This Application also qualifies for streamlined treatment under Section 63.12 of the Commission's rules because: (1) GTL is not affiliated with a dominant foreign carrier; and (2) GTL's affiliation with foreign carriers meets the requirements of Section 63.12(c)(1). GTL is affiliated with three (3) foreign carriers through its ownership by Goldman Sachs as explained further below. However, GTL satisfies the criteria under Section 63.12(c)(1)(i) for streamlined processing because GTL qualifies for the presumption of non-dominance under Section 63.10(a)(3).

GTL's foreign carrier affiliate in Brazil, Mexico, and Colombia, Diveo Broadband Networks, Inc. ("Diveo"), lacks market power in its destination markets.² The telecommunications carriers presumed to possess market power in Brazil, Mexico, and Colombia are, respectively, Embratel, Telefonos de Mexico ("TelMex"), and Empresa Nacional de Telecomunicaciones.³ Diveo lacks a fifty percent (50%) market share in the international transport and the local access markets in Brazil, Mexico, and Colombia. Moreover, Diveo does

² Diveo also has global Section 214 authority to provide international facilities-based and resale services. IB File No. ITC-214-19990908-00506.

³ *The International Bureau Revises and Reissues the Commission's List of Foreign Telecommunications Carriers that Are Presumed to Possess Market Power in Foreign Telecommunications Markets*, 22 FCC Rcd 945 (rel. Jan. 26, 2007).

not appear on the Commission's List of Foreign Telecommunications Carriers Presumed to Possess Market Power in Foreign Markets.

GTL's foreign carrier affiliate in Norway, Get A/S, also lacks market power in its destination market. In Norway, the telecommunications carrier presumed to possess market power is Telenor. Get A/S lacks a fifty percent (50%) market share in the international transport and the local access markets in Norway, and does not appear on the Commission's List of Foreign Telecommunications Carriers Presumed to Possess Market Power in Foreign Markets.

GTL is also affiliated with eMOBILE Ltd., a mobile broadband services provider in Japan without market power in its destination market. The telecommunications carriers presumed to possess market power in Japan are KDDI and Nippon Telegraph & Telephone Corporation (NTT). eMobile Ltd. lacks a fifty percent (50%) market share in the international transport and the local access markets in Japan, and does not appear on the Commission's List of Foreign Telecommunications Carriers Presumed to Possess Market Power in Foreign Markets.

GTL therefore qualifies for a presumption of non-dominance pursuant to Section 63.10(a)(3) of the Commission's rules, because neither Diveo, eMobile Ltd., nor GET A/S appear on the Commission's List of Foreign Telecommunications Carriers Presumed to Possess Market Power in Foreign Markets. In addition, GTL satisfies the criteria under Section 63.12(c)(1)(iv) for streamlined processing because the affiliated destination markets are WTO Member countries (Brazil, Mexico, Colombia, Norway, and Japan) and GTL qualifies for the presumption of non-dominance under Section 63.10(a)(3), for the reasons set forth above.⁴

⁴ As explained below, GTL may also be affiliated with foreign carriers engaged in the provision of communications services in the United Kingdom and India through its ownership by The Goldman Sachs Group, Inc. ("Goldman Sachs"). While Goldman Sachs has not been able to confirm whether these foreign companies are authorized to provide international telecommunications services, it is clear that these companies would not be considered dominant foreign carriers under Section 63.10(a)(3) of the Commission's rules.

II. APPLICANTS

A. Public Communications Services, Inc. (FRN: 0010017986)

PCS is a California corporation with headquarters located at 11859 Wilshire Boulevard, Suite 600, Los Angeles, California 90025. PCS has authority to provide interstate and international telecommunications services.⁵ PCS also is authorized to provide inmate operator services to correctional facilities in all states except Alaska, Connecticut, and the District of Columbia, and currently provides such services in 30 states.

B. Global Tel*Link Corporation (FRN: 0003734985)

GTL is a Delaware corporation with headquarters located at 12021 Sunset Hills Road, Suite 100, Reston, Virginia 20190. GTL has authority to provide interstate and international telecommunications services from the Commission.⁶ In addition, GTL either offers service or is certificated to offer telecommunications services in the District of Columbia and all fifty (50) states with the exception of Alaska. GTL specializes in the provision of managed inmate communications services and manufactures equipment used in correctional facilities.

III. DESCRIPTION OF THE TRANSACTION

On August 5, 2010, GTL, PCS, and the owners of PCS, entered into a Stock Purchase Agreement (the "Agreement"). Pursuant to the Agreement, the current shareholders of PCS will transfer all of their shares of PCS to GTL. As a result, PCS will become a wholly owned subsidiary of GTL, and GTL will acquire direct control of PCS. For the Commission's convenience, pre- and post-transaction corporate organizational structure charts depicting the transfer of control are provided as Exhibit B.

⁵ IB File No. ITC-214-19980903-00628; 499-A Filer ID No. 823820.

⁶ IB File No. ITC-214-19970128-00044; 499-A Filer ID No. 809240.

Following approval of the Transaction by the Commission, PCS will transfer all or substantially all of its assets related to the provision of telecommunications services, including customers, customer agreements and contracts, vendor agreements and contracts, intellectual property, and promotional materials (“Assets”) to GTL. GTL, however, plans to operate the companies separately for a period of time, until such time as integration can be accomplished in a transparent manner with no negative effect on end users. Once the PCS Assets are transferred to GTL, current PCS customers will receive service from GTL pursuant to the same or similar rates, terms, and conditions. Once all customers are transferred and PCS no longer needs its authorizations for operational or billing purposes, PCS will cancel its domestic registration and surrender its international 214 authority. Consummation of the Transaction is contingent on, among other things, receipt of the necessary regulatory approvals.

IV. PUBLIC INTEREST STATEMENT

Approval of the Transaction is in the public interest because it will enhance economic efficiency by enabling GTL to expand its own business and achieve economies of scale. These benefits will strengthen GTL’s ability to expand its offerings and services to a broader customer base. Further, the proposed Transaction will enable GTL to strengthen its competitive position to the benefit of consumers and the telecommunications marketplace. As a competitive provider of inmate telephone services, GTL will provide customers the positive benefit of access to existing and new product offerings.

The proposed Transaction will be conducted in a manner that will be transparent to current customers of PCS other than a change in the name of their service provider once the PCS Assets are transferred to GTL. Following the Asset transfer, GTL will provide previously served PCS customers with the same service quality they have come to expect and all billing will be

handled by GTL. After the Asset transfer, GTL will provide high-quality communications services to existing PCS customers without interruption and without immediate change in rates, terms or conditions. GTL will, however, provide any necessary notice to current PCS customers pursuant to 47 C.F.R. § 64.1120(e). The Transaction will be transparent to customers and will not have a negative impact on the public interest, services to customers, or competition.

V. INFORMATION REQUIRED BY SECTION 63.24(e) OF THE COMMISSION'S RULES

In support of this Application, the Applicants submit the following information pursuant to Section 63.24(e) of the Commission's rules, which is the information requested in paragraphs (a)-(d) and (o)-(p) of Section 63.18 for both Applicants and the information requested in paragraphs (h)-(n) of Section 63.18 for GTL.

¹⁰ As defined in Section 3 of the Communications Act of 1934, 47 U.S.C. § 153(1).

¹¹ As defined by 47 C.F.R. § 63.09(d).

GTL certifies that it is not a foreign carrier. GTEL Holding, LLC, through its ownership by The Goldman Sachs Group, Inc., is affiliated with the following foreign carriers: (1) Diveo Broadband Networks, Inc., a company providing local broadband and Internet services infrastructure to corporate customers in Brazil, Mexico, and Colombia; (2) GET A/S, a company providing cable television, broadband, and telephony services in Norway; and (3) eMOBILE Ltd., a mobile broadband services provider in Japan.

The Goldman Sachs Group, Inc. is also affiliated with the following companies, which are foreign entities engaged in the provision of communications services: (1) Shared Access, LLC, a wireless infrastructure operator in the United Kingdom; and (2) Tikona Digital Networks, a wireless broadband provider in India. Goldman Sachs has not been able to confirm whether these companies are authorized to provide international telecommunications services, or able to originate or terminate telecommunications services to or from points outside their home country, but Goldman Sachs is disclosing its ownership interest in these entities out of an abundance of caution.

(j) Foreign Carrier and Destination Countries (Answer to IBFS Main Form Questions 14-17).

As evidenced by the signatures to this Application, GTL certifies that upon consummation of the Transaction it will not provide international telecommunications services to any destination country in which: (1) GTL is a foreign carrier in the destination market; (2) GTL controls a foreign carrier in the destination market; and (3) two or more foreign carriers (or parties that control foreign carriers) own, in the aggregate, more than twenty-five percent (25%) of GTL and are not parties to, or the beneficiaries of, a contractual relationship affecting the provision or marketing of international basic telecommunications services in the United States.

(k) WTO Membership of Destination Countries (Answer to IBFS Main Form Questions 14-17).

Not applicable.

(l) International Telecommunications Services (Answer to IBFS Main Form Questions 14-17).

GTL will not resell the international switched services of an unaffiliated U.S. carrier for the purpose of providing international telecommunications services to a country where it is a foreign carrier or is affiliated with a foreign carrier.

(m) Non-dominant Regulatory Classification (Answer to IBFS Main Form Questions 14-17).

Pursuant to Section 63.10 of the Commission's rules, 47 C.F.R. § 63.10, GTL qualifies for non-dominant classification on the routes between the United States and all the above-listed countries because the affiliated entities in these countries have no market power on the foreign end of any of these routes. All of the above-listed affiliates lack fifty percent (50%) market share in the international transport and the local access markets in their respective foreign markets and none are listed on the Commission's List of Foreign Telecommunications Carriers that Are Presumed to Possess Market Power in Foreign Telecommunications Markets. As such, GTL is presumptively classified as non-dominant on these routes.

(n) Special Concessions Certification (Answer to IBFS Main Form Question 21).

As evidenced by the signatures to this Application, GTL has not agreed to accept special concessions directly or indirectly from any foreign carrier with respect to any U.S. international route where the foreign carrier possesses sufficient market power on the foreign end of the route to adversely affect competition in the U.S. market, and will not enter into such agreements in the future.

(o) **Federal Benefits/Anti-Drug Act of 1988 Certification (Answer to IBFS Main Form Question 25).**

As evidenced by the signatures to this Application, the Applicants certify, pursuant to Sections 1.2001 through 1.2003 of the Commission's rules that they are not subject to a denial of federal benefits pursuant to Section 5301 of the Anti-Drug Abuse Act of 1988. 21 U.S.C. § 862.

(p) **Eligibility for Streamlined Processing (Answer to IBFS Main Form Question 20).**

Applicants request streamlined processing of this Application pursuant to Section 63.12 of the Commission's rules, 47 C.F.R. § 63.12, for the reasons set forth above.

VI. INFORMATION REQUIRED BY SECTION 63.04(b) OF THE COMMISSION'S RULES
