63.18 (d): Billing Services of America, Inc. was authorized by the Commission in File No. ITC-214-20081022-00473 granted November 8, 2008.

**Answer to Question 13:**

On behalf of Billing Services of America, Inc., a Nevada corporation, (“Company”), and each of the following persons: Kenneth Batten, Larry Correia (“Seller”) and James A. Holmquist Revocable Trust, under Agreement dated January 18, 2002 (“Buyer”) (collectively the “Parties”), we hereby notify the Federal Communications Commission (“Commission”) of the proposed transfer of ownership of the above captioned company to the Buyer.

Pursuant to the terms of a Share Purchase Agreement (“Agreement”) dated August 31, 2010, between the Parties, the Buyer will purchase all of the stock interests of the Company for cash. As a result, the Company will be owned by the Buyer.

The transfer of ownership of the Company to the Buyer is in the public interest. The proposed transaction does not involve the transfer of any operating authority, assets, or customers. The Company’s operations and customers will not be affected by the transaction. Although the Company’s ownership will change, its operations and customers likewise will not be affected by the transaction. Immediately following the closing, the Company will continue to offer to its customers the same services at the same rates, terms and conditions as at present pursuant to existing authorizations, tariffs, contracts, and published rates and charges. The only change will be that the Company will be owned by the Buyer. The transaction is not expected to result in any discontinuance of service for any customer.

The transfer of ownership will be transparent to, and have no adverse impact upon the Company’s customers. The transfer will result in an entity better equipped to compete as a telecommunications service provider by combining the telecommunications expertise of Company and the management experience of the Buyer. In sum, the proposed transaction is expected to enhance the ability of the Company to provide high-quality telecommunications services, which should invigorate competition and thereby benefit consumers of such services.

**Answer to Question 20:**

63.18(p) Statement for Streamlined Processing Pursuant to Section 63.12

This International Section 214 Application qualifies for streamlined processing pursuant to Section 63.12 because the applicants are not affiliated with any foreign carriers; are not affiliated with any dominant U.S. carriers whose international switched or private line services the applicant seeks authority to resell; and do not seek authority to provide switched basic services over private lines to a country for which the Commission has not previously authorized the provision of switched services over private lines. This Application therefore should be granted, pursuant to Section 63.12(a), fourteen days after the date of public notices listing this Application as accepted for filing.
