For Consent to Transfer Control pursuant to
Section 214 of the Communications Act of 1934,
as amended

**JOINT APPLICATION FOR TRANSFER OF CONTROL OF
DOMESTIC AND INTERNATIONAL AUTHORIZATIONS PURSUANT TO
THE COMMISSION’S STREAMLINED PROCESSING RULES**

SJI Holdings, LLC (“Holdings”), SJI, L.L.C. (“SJI”), and Lafourche Telephone Company, L.L.C. (“Latelco”) (collectively, "Transferors" or the "SJI Companies"), and EATEL Acquisition, L.L.C. ("Transferee" or “EATEL”) hereby request authorization for the transfer of control of a wholly-owned subsidiary of Holdings, SJI, and its subsidiary, Latelco, to EATEL. Applicants seek streamlined processing of this request pursuant to sections 63.03(b)(2) and 63.24(c) of the Commission’s Rules. This Application is being filed simultaneously with the International Bureau and the Wireline Competition Bureau.

Background

Applicant Latelco is a rural local exchange carrier (“LEC”) providing local exchange and exchange access service to approximately 5,702 residential and 4,133 business access

lines in rural portions of southern Louisiana. Latelco's direct parent company, SJI (dba Vision Long Distance), provides interstate long distance services to residents of Latelco's service area, as well as global international resale services pursuant to Commission authorization under File No. ITC-214-20020402-00156.

Applicant EATEL, a wholly-owned subsidiary of EATELCORP, L.L.C. (“EATELCORP”), is a diversified communications company, whose affiliates provide voice, data and video services predominantly in rural portions of Ascension and Livingston Parishes, Louisiana. In addition, EATELCORP affiliates also offer long distance services to subscribers in Louisiana, Mississippi, Alabama and Texas. A family-owned company serving rural Louisiana for more than 75 years, EATELCORP has extensive expertise in the telecommunications industry. Pursuant to the proposed transaction, EATEL proposes to purchase 100% of the ownership interests of SJI. After the contemplated transaction, SJI and its subsidiaries will continue to exist and operate in their respective service territories, and under the same trade names, providing service pursuant to existing rates, terms and conditions. The proposed transactions will, accordingly, be transparent to consumers.

The proposed transaction is entitled to streamlined treatment pursuant to section 63.03(b)(2)(iii) of the Commission's Rules because it would result in EATEL affiliates and subsidiaries having a market share in the interstate, interexchange market of less than 10%; similarly, the EATEL local exchange affiliates and subsidiaries would have, collectively, fewer than 2% of the subscriber lines installed in the aggregate nationwide. Furthermore, the transaction would result in no new overlapping or adjacent local service areas.¹

¹ Approximately 100 of Latelco local exchange subscribers have selected EATEL long distance affiliates as their primary interexchange carrier, thus a minor cross-service overlap exists. There is no overlap in local exchange territory, either incumbent or competitive between SJI and its affiliates and EATEL and its affiliates, nor are there any adjacent local exchange operations.

Description of the Transaction

This transaction will be accomplished through the sale of all of the membership interests in SJI by its parent, Holdings, to EATEL, a company created for the purpose of effecting this transaction. Following the sale, SJI will be a wholly-owned subsidiary of EATEL. SJI's operating subsidiaries will continue their current operations.

Transfer of Control of International Section 214 Authorization

Applicant SJI resells switched international long distance toll services to residential and business customers pursuant to an international Section 214 authorization granted by the Commission under File No. ITC-214-214-20020402-00156. In accordance with the requirements of Section 63.24(e) of the Commission's Rules, Applicants submit the following information:

(6) Certification as to whether or not Transferee is, or is affiliated with, a foreign carrier.

EATEL certifies that neither it nor any affiliate or successor is or will be foreign carriers, and that neither it nor any affiliate or successor is or will be affiliated with any foreign carrier.

(7) Certification as to whether or not Transferee seeks to provide international telecommunications services to any country for which certain conditions are true.

EATEL certifies that neither it nor any affiliate or successor will provide international telecommunications to any destination country for which EATEL or an affiliate or successor (1) is a foreign carrier in that country; (2) controls a foreign carrier in that country; (3) is owned more than 25% by or controlled by an entity that controls a foreign carrier in that country.

(8) Showing regarding provision of international telecommunications service to a country where the applicant is a foreign carrier or is affiliated with a foreign carrier.

N/A

(9) Regulatory classification under Section 63.10 of the Rules for foreign-affiliated carrier.

N/A

⁶ Mrs. Scanlan also holds a direct ownership interest in less than .1% of voting equity. Accordingly, Mrs. Scanlan's total voting interest equals 16%.

(10) Certification that applicant has not agreed to accept special concessions directly or indirectly from any foreign carrier.

Applicants certify they have not agreed to accept special concessions directly or indirectly from any foreign carrier with respect to any US international route where the foreign carrier possesses market power on the foreign end of the route and will not enter into such agreements in the future.

(11) Certification pursuant to 47 C.F.R. §§ 1.2001-1.2003 that no party to the application is subject to denial of federal benefits pursuant to section 5301 of the Anti-Drug Abuse Act of 1988, 21 U.S.C. § 583

Applicants hereby certify, pursuant to 47 C.F.R. §§ 1.2001-1.2003, that to the best of their knowledge, information, and belief, no party to the application is subject to denial of federal benefits pursuant to section 5301 of the Anti-Drug Abuse Act of 1988, 21 U.S.C. § 583.

(12) Qualification for streamlined processing.

This application qualifies for streamlined processing under Sections 63.12(a) and (b) of the Commission's rules. No party is affiliated with any foreign carrier in any destination market. No party has an affiliation with a dominant US carrier whose international switched or private line services the applicants seek authority to resell, and none is anticipated as a result of the public offering which likely will result in widely held interests. No party to this application seeks authority to provide switched basic services over private lines to a country for which the Commission has not previously authorized the provision of switched services over private lines. Authorization is sought to complete a public sale which would continue the current operations as a non-dominant carrier reselling the international switched services of one or more unaffiliated US carriers.

Transfer of Control of Domestic Section 214 Authorizations

Pursuant to Section 63.04(b) of the Commission's Rules, Applicants submit information required pursuant to Sections 63.04(a)(6) through 63.04(a)(12) of the Commission's Rules:

(1) Description of the transaction

This application proposes the transfer of control of the domestic Section 214 authorization of SJI and Latelco through a sale of 100 percent of the ownership interests of SJI to EATEL, resulting in Latelco as an indirect wholly-owned subsidiary and SJI as a direct wholly-owned subsidiary of EATEL. State authorization to conduct the proposed transaction also will be sought by Applicants.

After the proposed transaction, Latelco and SJI dba Vision Long Distance will continue to operate in the same service territory, under the same trade name. The companies will continue to offer services pursuant to their current rates, terms and conditions. No carrier change charges are associated with the transaction, and no customer service or billing contact information will change as a result of the transfer. The transaction will not affect customers' preferred carrier freezes.

(2) Description of the geographic areas in which the transferor and transferee (and their affiliates) offer domestic telecommunications services, and what services are provided in each area

Transferors:

Latelco provides incumbent local exchange and exchange access services to approximately 9835 access lines in the exchanges of Larose, Grande Isle, Golden Meadow, Leeville and Galliano, Louisiana. A map of Latelco's service area (also showing the local service area of EATEL's affiliate, East Ascension Telephone Company, L.L.C.) is appended hereto as Attachment 1.

SJI (doing business as Vision Long Distance) offers IXC services to the local service subscribers of Latelco, currently serving approximately 5,972 customers. SJI also serves as an internet service provider in all of the Latelco service areas as well as in other portions of Lafourche Parish in southern Louisiana.

Vision Communications, LLC ("Vision"), a wholly-owned subsidiary of Latelco, offers video programming service in all of the Latelco service area as well as in other portions of Lafourche Parish in southern Louisiana. Vision also offers broadband Internet services throughout its service territory.

SJI is a certificated competitive local exchange carrier in the state of Louisiana, and has entered into an interconnection agreement with AT&T, but currently does not provide service.

Transferee:

EATEL is a wholly owned subsidiary of EATELCORP. EATELCORP is the parent company of the following entities: Advanced Tel, L.L.C. (“Advanced Tel”), EATEL Video, L.L.C., and East Ascension Telephone Company, L.L.C. TLX Communications, Inc. (“TLX”) is a wholly owned subsidiary of Advanced Tel.

Advanced Tel and TLX are authorized to provide domestic and international long distance services. Advanced Tel is authorized to provide intrastate long distance services (interexchange services) in Louisiana, Texas, Mississippi and Alabama. Advanced Tel is also an internet service provider in Louisiana. TLX is authorized to provide intrastate long distance services (interexchange services) in Louisiana, Mississippi and Alabama.

Advanced Tel and TLX are also certificated as competitive local exchange carriers in Louisiana. Advanced Tel provides competitive local service in Denham Springs and Donaldsonville, Louisiana (both served by incumbent AT&T) and plans to provide competitive service in the future in Baton Rouge, Louisiana (also in AT&T incumbent territory).

EATEL Video, L.L.C. is a video services provider in the City of Gonzales, the Town of Sorrento, the Village of Port Vincent, the Village of French Settlement, the Village of Killian, and portions of Ascension and Livingston Parishes.

East Ascension Telephone Company, L.L.C. (“East Ascension”) is the incumbent local exchange carrier providing exchange and exchange access services in portions of Ascension and Livingston Parish, Louisiana. Within the exchanges of Galvez, Gonzales, Dutchtown, Sorrento, Maurepas and French Settlement, East Ascension serves approximately 27,205 access lines.

(3) Statement as to how the application fits into one or more of the presumptive streamlined categories in Section 63.03 of the Commission’s Rules or why it is otherwise appropriate for streamlined treatment

The instant Application is entitled to streamlined processing under Section 63.03(b)(2) (iii) of the Commission’s Rules because (a) applicant local exchange carriers collectively serve fewer than two (2) percent of the nation's subscriber lines; to the extent competitive local exchange service is offered, it is offered within the service territory of a dominant local exchange telephone company that is not a party to the proposed transaction; and there are no new overlapping or adjacent local service areas among applications arising as a result of the proposed transactions; and (b) the proposed transfer would result in EATEL subsidiaries and affiliates having a market share in the interstate, interexchange market of less than 10 percent.

Altogether, the Applicants' local exchange operations serve approximately 36,040 access lines in rural portions of southern Louisiana. This comprises a minute fraction of the approximate 162,000,000 access lines and VoIP subscriptions in the nation. *See* Federal Communications Commission: Trends in Telephone Service, September 2010 (Table 8.1, End-User Switched Access Lines and VoIP Subscriptions as of December, 2008). Further, Applicants' relevant service territories neither overlap nor are adjacent. Finally, the Applicants' combined interexchange operations serve fewer than one percent (1.0%) of the interstate, interexchange market.

The proposed transaction will have no adverse effect on competition. The Applicants' affiliates' and subsidiaries' markets are individually and collectively so small that the proposed transaction will have no perceptible effect on competition. Grant of streamlined treatment for this Application is consistent with Commission precedent.

(4) Identification of all other Commission applications related to the same transaction

The following wireless interests are involved in the proposed transaction, and, accordingly, joint applications seeking authorization to transfer control of these licenses will be filed with the Commission:

KNKP524 (Rural Radio) held by Latelco

(5) Statement of whether the applicants are requesting special consideration because either party to the transaction is facing imminent business failure

Neither party to the transaction is facing imminent business failure. Therefore, Applicants are not requesting special consideration for this reason.

(6) Identification of any separately filed waiver requests being sought in conjunction with the transaction

No separately filed waiver requests are being sought in conjunction with the transaction.

(7) Statement showing how grant of the application will serve the public interest, convenience and necessity, including any additional information that may be necessary to show the effect of the proposed transaction on competition in domestic markets

The proposed ownership structure and investment participation will enable the continued provision of high-quality communications services to SJI customers. In addition, economic and strategic efficiencies will result from the transaction, benefiting the current subscribers of both companies. Because the telecommunications providers owned or controlled by EATELCORP do not provide local service in the areas served by the SJI Companies, competition will not be adversely affected by consummation of the proposed transaction.

Conclusion

For the foregoing reasons, the Applicants respectfully request that the Commission grant the requested on a streamlined basis.

Respectfully submitted,

SJI Holdings, LLC
SJI, L.L.C.
Lafourche Telephone Company, L.L.C.

and

EATEL Acquisition, L.L.C.
