#### ATTACHMENT 1 FOR THE *PRO FORMA* TRANSFER OF CONTROL OF INTERNATIONAL SECTION 214 AUTHORIZATIONS

This filing notifies the Commission, pursuant to Section 63.24(f) of the Commission's rules,<sup>1</sup> of the *pro forma* transfer of control of international Section 214 authorizations as part of an internal corporate restructuring involving indirect wholly owned subsidiaries of Verizon Communications Inc. ("Verizon"). Specifically, the restructuring involved a *pro forma* transfer of control of Bell Atlantic Mobile Systems, Inc. ("BAMS Inc.") and its conversion to a limited liability company (Bell Atlantic Mobile Systems LLC, or "BAMS LLC"). Because BAMS Inc. was (and BAMS LLC now is) a general partner of Cellco Partnership d/b/a Verizon Wireless ("Verizon Wireless"), the restructuring constituted a *pro forma* transfer of control of various licenses held or controlled Verizon Wireless. This reorganization took place on November 30, 2011.<sup>2</sup>

Attached hereto are charts showing the indirect ownership of Verizon Wireless before and after the proposed transaction.<sup>3</sup> Throughout this transaction, Verizon will continue to hold a controlling interest in Verizon Wireless and thus will continue to control the various licenses and leases held or controlled by Verizon Wireless.<sup>4</sup> As such, this restructuring is *pro forma* in nature and "prior approval from the Commission need not be sought."<sup>5</sup>

#### Answer to Question 13

The transfer of control that is the subject of these notification filings resulted from an internal corporate restructuring that occurred on November 30, 2011. The restructuring involved a *pro forma* transfer of control of BAMS Inc. and its conversion to a limited liability company,

BAMS LLC. The restructuring constituted a *pro forma* transfer of control of various licenses held or controlled by Verizon Wireless.

Attached hereto are charts showing the indirect ownership of Verizon Wireless before and after the proposed transaction.<sup>6</sup> Throughout this transaction, Verizon will continue to hold a controlling interest in Verizon Wireless and thus will continue to control the various licenses and leases held or controlled by Verizon Wireless. As such, the restructuring is *pro forma* in nature.<sup>7</sup> The Commission has previously stated that "[r]egulatory review of [*pro forma*] transactions yields no significant public interest benefits, but may delay or hinder transactions that could provide substantial financial, operational, or administrative benefits for carriers."<sup>8</sup>

<sup>&</sup>lt;sup>6</sup> These charts do not include the ownership interests of Vodafone Group PLC ("Vodafone") and the various subsidiaries through which Vodafone holds a 45 percent interest in Verizon Wireless. These interests are unaffected by the proposed transaction.

<sup>&</sup>lt;sup>7</sup> 47 C.F.R. § 63.24(d). Pursuant to Note 2 to paragraph D, a transaction is presumptively pro forma if it is a "[c]orporate reorganization that involves no substantial change in the beneficial ownership of the corporation (including . . change in form of the business entity)."
