Section 63.18(d). Intelsat Global S.A. (the Transferor) did not individually hold any international Section 214 authorizations. Intelsat Global Holdings S.A. (the Transferee) does not individually hold any international Section 214 authorizations. Intelsat USA License LLC holds the international Section 214 authorizations that are the subject of this notification: ITC-214-20051031-00443 (global facilities-based and global resale services), ITC-MOD-20051007-00445 (global facilities-based and global resale services), ITC-214-19920318-00117 (satellite services between the United States and Cuba), and ITC-214-19930829-00248 (satellite services between the United States and Cuba).

II. ANSWER TO QUESTION 11

The transaction constitutes a non-substantial (*pro forma*) transfer of control because ultimate ownership and control of Intelsat USA License LLC has not changed. The Commission has previously approved each person or entity that directly or indirectly controls at least ten percent of the equity of the transferee, Intelsat Global Holdings S.A., in the *Intelsat-Serafina Order*.¹ There have been no material changes to Intelsat Global Holdings S.A.'s ultimate ownership and control since the date of the *Intelsat-Serafina Order*.²
