International Section 214 Authority:

DT does not hold any international Section 214 authorizations. DT indirectly wholly owns and controls T-Mobile USA, Inc., a Delaware corporation, and T-Mobile Puerto Rico LLC, a Delaware limited liability company, and has an indirect 53.6 percent equity interest in Iowa Wireless Services Holding Corporation, a Delaware corporation. T-Mobile USA, Inc. holds three international Section 214 authorizations, File Nos. ITC-214-20061004-00452 (global resale service), ITC-214-19960930-00473 (global resale service), and ITC-214-20120301-00067 (global resale service). T-Mobile Puerto Rico LLC holds one international Section 214 authorization, File No. ITC-214-20070626-00246 (global resale service). Iowa Wireless Services Holding Corporation holds one international Section 214 authorization, File No. ITC-214-20020513-00251 (global resale service). In addition, DT (through its T-Systems North America, Inc. subsidiary) controls two other international Section 214 authorizations: ITC-214-20020927-00514 (global facilities-based and resale services) and ITC-214-20040920-00370 (global facilities-based and resale services).<sup>1</sup>

<sup>1</sup> The Section 214 authorizations held by T-Systems North America, Inc. are not involved in the instant transaction.

**Answer to Question 11 - Section 63.18(h):**

The following entities hold a ten percent or greater ownership interest in DT:

**Name:** Kreditanstalt für Wiederaufbau (“KfW”)  
**Address:** Palmengartenstrasse 5-9  
Frankfort, Germany 60325  
**Citizenship:** Germany  
**Principal Business:** Commercial banking  
**Percentage Held:** KfW, a bank controlled by the German government and federal states, holds approximately 17 percent of the ownership interests of DT.

**Name:** Federal Republic of Germany (“FRG”)  
**Address:** c/o Federal Ministry of Finance  
Wilhelmstr 97  
Berlin, Germany 10117  
**Citizenship:** Germany  
**Principal Business:** Government entity  
**Percentage Held:** FRG directly holds approximately 15 percent of the ownership interests of DT. FRG also directly holds approximately 80 percent of the ownership interests in KfW which, as described above, holds approximately 17.02 percent of the ownership interests in DT. Thus, FRG is deemed to hold approximately 32 percent of DT.

No other person or entity has a direct or indirect, voting or equity ten percent or greater ownership interest in DT.

**Answer to Question 12 - Section 63.18(h):**

DT has the following interlocking directorates: (1) René Obermann is the Chairman, Board of Management of Deutsche Telekom AG and the Chairman, Supervisory Board of T-Systems International GmbH; (2) Raphael Kubler is a Member, Supervisory Board of Deutsche Telekom Kundenservice GmbH and a Member, Supervisory Board of T-Systems International GmbH.

**Answer to Question 15 - Section 63.18(j):**

Pursuant to Section 63.18(j) of the Commission's rules, 47 C.F.R. § 63.18(j), DT certifies that it is a foreign carrier and holds controlling interests in certain foreign carriers in destination countries where its subsidiaries provide international service. These carriers and the countries where they provide service are described above in the answer to Question 14.

**Answer to Question 16 - Section 63.10:**

Pursuant to Section 63.10 of the Commission's rules, 47 C.F.R. § 63.10, DT qualifies for non-dominant classification on all routes between the United States and the countries listed in response to Question 14 above, with the exception of Croatia, Germany, Greece, Hungary, Macedonia, Montenegro, Romania, and Slovakia, where the Foreign Carrier Affiliates are dominant. The Commission has previously reviewed DT's Foreign Carrier Affiliates and has found only the carriers in Croatia, Germany, Greece, Hungary, Macedonia, Montenegro, Romania, and Slovakia to be dominant in their home markets.<sup>2</sup> None of the Foreign Carrier Affiliates (other than those operating in an Croatia, Germany, Greece, Hungary, Macedonia, Montenegro, Romania, and Slovakia) is a monopoly provider of communications services, and each lacks 50 percent market share in the international transport and local access markets on the foreign end of its respective U.S.-international route. Accordingly, DT is presumptively classified as non-dominant on all U.S.-international routes with the exception of the routes between the United States and Croatia, Germany, Greece, Hungary, Macedonia, Montenegro, Romania, and Slovakia.

DT is considered dominant with respect to the U.S.-Croatia, U.S.-Germany, U.S.-Greece, U.S.-Hungary, U.S.-Macedonia, U.S.-Montenegro, U.S.-Romania, and U.S.-Slovakia routes<sup>3</sup> and agrees to comply with the dominant carrier safeguards contained in Section 63.10 of the Commission's rules, 47 C.F.R. § 63.10 on these routes.

<sup>2</sup> See *Applications of T-Mobile USA, Inc. and SunCom Wireless Holdings, Inc. For Consent to Transfer Control of Licenses and Authorizations*, Memorandum Opinion and Order, 23 FCC Rcd 2515, 2524 (2008) ("T-Mobile-SunCom Order"). The Commission did not review DT's foreign carrier affiliate in Romania as part of the T-Mobile-SunCom transaction, but this carrier has a greater than 50 percent market share in the fixed access market, so DT agrees to be classified as a dominant carrier on the U.S.-Romania route and to comply with the dominant carrier safeguards contained in Section 63.10 of the Commission's rules, 47 C.F.R. § 63.10.

<sup>3</sup> *Id.*; see also Foreign Carrier Affiliation Notification, Public Notice, Report No. FCN-00105, DA 09-1049 (May 14, 2009) (finding DT subsidiaries dominant on the U.S.-Greece route).

**Answer to Question 18 - Section 63.18(k):**

In accordance with Section 63.18(k)(1) of the Commission's rules, 47 C.F.R. § 63.18(k)(1), DT certifies that all of the countries listed in its response to Question 15 (therein referencing its response to Question 14) are WTO Member countries.<sup>4</sup>

**Answer to Question 20 - Section 63.18(p):**

Pursuant to Section 63.12 of the Commission's rules, 47 C.F.R. § 63.12, this application for transfer of control of international Section 214 authority qualifies for streamlined processing. As explained in response to Question 16 above, DT is non-dominant on all routes other than the U.S.-Croatia, U.S.-Germany, U.S.-Greece, U.S.-Hungary, U.S.-Macedonia, U.S.-Montenegro, U.S.-Romania, and U.S.-Slovakia routes. With respect to these routes, DT agrees to be classified as dominant and to comply with the dominant carrier safeguards contained in Section 63.10 of the Commission's rules, 47 C.F.R. § 63.10.
