## APPLICATIONS FILED FOR THE TRANSFER OF CONTROL OF BRESNAN BROADBAND HOLDINGS, LLC TO CHARTER COMMUNICATIONS, INC.

### PLEADING CYCLE ESTABLISHED

MB Docket No. 13-77

**Comment Date: April 19, 2013**  
**Reply Comment Date: May 6, 2013**

On February 25 and March 12, 2013, Charter Communications, Inc. (“Charter”), Cablevision Systems Corporation (“Cablevision”), and their respective subsidiaries (collectively, the “Applicants”) jointly submitted applications to the Commission seeking consent to the transfer of control of certain licenses pursuant to Section 310(d) of the Communications Act of 1934, as amended (the “Act”).<sup>1</sup> In addition, on February 27, 2013, the Applicants jointly submitted applications to the Commission seeking consent to the transfer of control of certain licenses pursuant to Section 214 of the Act.<sup>2</sup> The proposed transfer of control of these licenses is part of a larger transaction whereby a subsidiary of Charter will acquire control of Bresnan Broadband Holdings, LLC (“Bresnan”) and its subsidiaries from Cablevision.<sup>3</sup>

Charter, a Delaware corporation, is a facilities-based provider of bundled video, voice, and broadband Internet services in 25 states. It is also the fourth-largest cable television system in the United States. As of December 31, 2012, Charter provided services to approximately 5.4 million customers in its service territory, including approximately 4.0 million video customers, 1.9 million residential voice customers, and 3.8 million residential broadband customers. It also provides broadband and other communications services to approximately 467,000 small- and medium-sized commercial customers.<sup>4</sup>

Cablevision, a Delaware corporation, is a facilities-based provider of bundled video, voice, and broadband Internet services primarily in the tri-state area of New York, New Jersey, and Connecticut. In

2010, Cablevision purchased Bresnan and its subsidiaries and affiliates,<sup>5</sup> and thereafter provided video, voice, and broadband services to customers through Bresnan in Colorado, Montana, Utah, and Wyoming.<sup>6</sup> As of December 31, 2012, Cablevision provided video service to approximately 3.2 million customers, voice service to approximately 2.4 million customers, and broadband service to approximately 3.0 million customers.<sup>7</sup> Of this amount, Bresnan served approximately 304,000 video customers, 170,000 voice customers, and 292,000 broadband customers.<sup>8</sup>

On February 7, 2013, a subsidiary of Charter, Charter Communications Operating, LLC (“Charter Operating”), entered into a Purchase Agreement (“Agreement”) with CSC Holdings, LLC, a subsidiary of Cablevision, pursuant to which Charter will acquire Bresnan and its subsidiaries on the terms and subject to the conditions set forth in the Agreement. Upon completion of the transaction, Charter Operating will own 100 percent of the Bresnan membership units.<sup>9</sup>

The Applicants contend that the proposed transaction will serve the public interest. They state that the proposed transaction will allow Bresnan to continue to provide high-quality video, voice, and broadband products to both residential and business communities in its services areas. The Applicants also claim the transfer of control will not interrupt or degrade Bresnan’s services and that Charter’s financial and managerial support will enhance innovation of services and products for both Charter and Bresnan’s consumers. In addition, the Applicants assert that the transfer of control will strengthen Charter’s competitive position in the communications marketplace by allowing it to realize economic, marketing, and operational efficiencies.<sup>10</sup>

## TRANSFER OF CONTROL APPLICATIONS

The file numbers and call signs of the Applicants’ facilities that are the subject of the applications to transfer control to Charter are listed below. Interested parties should refer to the transfer of control applications for a listing of the licenses. Parties should be aware that additional applications may have to be filed to identify any additional licenses and authorizations in the services noted. The Applicants have requested that the Commission’s grant of consent to the transfer of control of the licenses include consent for Charter to acquire control of (1) any authorizations or licenses issued to the Applicants or any of their subsidiaries or affiliates to the extent such authorizations are related to the Applicants’ cable television systems and wireless licenses affected by the transactions, during the Commission’s consideration of the applications and the period required for the consummation of the transactions following approval; (2) construction permits held by licensees involved in the transactions that mature into licenses after closing and that may have been omitted from the applications; and (3) applications that will have been filed by

##### 1. Domestic

The Applicants filed a domestic section 214 application for consent to transfer control of Bresnan Digital Services, LLC; Bresnan Broadband of Colorado, LLC; Bresnan Broadband of Montana, LLC; Bresnan Broadband of Utah, LLC; and Bresnan Broadband of Wyoming, LLC to Charter.<sup>12</sup> The Applicants state that these subsidiaries offer competitive local exchange and long distance services in Colorado, Montana, Utah, and Wyoming and assert that the proposed transaction is entitled to presumptive streamlined treatment under section 63.03(b)(2) of the Commission's rules.<sup>13</sup> Because the transaction involves authorizations from multiple Bureaus, we accept the application for non-streamlined processing.<sup>14</sup>
