Answers to Questions 10, 11, 12, 13, 14, 15, 16, 17, 18 and 20

Hector Communications Corporation (“Hector”) and Blue Earth Valley Communications, Inc. (“Blue Earth Valley”) hereby request Commission authorization for the December 31, 2012 transfer of control of the International Section 214 authorizations for global resale of switched services held by Indianhead Communications Corporation (“Indianhead”; File No. ITC-214-19970919-00565, granted November 14, 1997) and by Cannon Communications Corporation (“Cannon”; File No. ITC-214-19970326-00173, granted May 15, 1997) from Hector to Blue Earth Valley.

These transfers were part of a reorganization of Hector that was undertaken and accomplished at the end of 2012 pursuant to Section 355 of the Internal Revenue Code. Prior to the reorganization, Hector (including its numerous subsidiaries) was owned in equal 33.33 percent portions by Blue Earth Valley, Arvig Enterprises, Inc. (“Arvig”) and New Ulm Telecom, Inc. (New Ulm”). It was determined by the Hector stockholders that the most effective and efficient approach to reorganization was to dissolve Hector, and to distribute Hector’s operating subsidiaries to the Hector stockholder that was the closest from a geographic standpoint and most capable of assuming full operational control with little or no disruption. As part of the reorganization and distribution, Indianhead and Cannon were distributed to BCS Holdings, LLC (“BCS”), a wholly-owned subsidiary of Blue Earth Valley. Hector’s corporate and tax attorneys and accountants focused upon the internal Hector reorganization from a tax standpoint, and it was assumed by these advisors, as well as by Hector, Blue Earth Valley, Arvig and New Ulm, that the reorganization was a *pro forma* transaction among the existing and FCC-approved owners of Hector and did not require prior FCC approval.

In the confusion of the end of the year transactions, Hector and Blue Earth Valley did not check with their communications law advisers and did not realize that they were required to notify the International Bureau of the completion of *pro forma* transfers of control of International Section 214 Authorizations. Moreover, after the transaction was brought to the attention of FCC counsel, it was realized that the distribution of Indianhead and Cannon from Hector (where Blue Earth Valley held a 33.33 percent indirect interest as a result of its ownership in Hector) to BCS (where Blue Earth Valley holds a 100 percent ownership) may be looked at separately from the overall reorganization and may not be deemed to be a *pro forma* transaction. As a result and out of an abundance of caution, the present application was submitted.

Answer to Question 13

The proposed transaction entails the distribution and related transfers of control of Indianhead and Cannon from Hector, an entity previously owned equally by Blue Earth Valley (33.33 percent), Arvig (33.33 percent) and New Ulm (33.33 percent), to BCS Holdings, LLC (“BCS”), a wholly-owned subsidiary of Blue Earth Valley. The transactions were part of a reorganization of Hector pursuant to Section 355 of the Internal Revenue Code.
