Except for its subsidiary, ZEN, which has the same officers and directors as Onvoy, Onvoy does not have any interlocking directorates with a foreign carrier. ZEN is a non-dominant foreign carrier in Canada. In addition, Onvoy also holds a Reseller Registration in Canada and thus is a non-dominant foreign carrier.

(i) **(Answer to Question 14)** Transferee certifies that it is a non-dominant foreign carrier in Canada. Transferee is also currently affiliated within the meaning of Section 63.09(e) of the Commission's rules, 47 C.F.R. § 63.09(e), with ZEN, which is a non-dominant foreign carrier in Canada by virtue of its Reseller Registration and Basic International Telecommunications Services ("BITS") License. Upon completion of the Transactions, Onvoy will also be

affiliated with BV-LLC, which is a non-dominant foreign carrier in Canada by virtue of its Reseller Registration and BITS License. Similarly, Licensee will be affiliated with Onvoy, ZEN, and BV-LLC, a current affiliate of BV-CLEC.

(j) **(Answer to Question 15)** Transferee certifies that, through its acquisition of control of Licensee, Transferee does not seek to provide international telecommunications services to any destination country where two or more foreign carriers (or parties that control foreign carriers) own, in the aggregate more than 25 percent of Transferee and are parties to, or the beneficiaries of, a contractual relation affecting the provision or marketing of international basic telecommunications services in the United States. However, Transferee certifies that it is a non-dominant foreign carrier and also is affiliated with a non-dominant foreign carrier as described in (i) above. Upon completion of the Transaction, Transferee and Licensee will be affiliated with multiple non-dominant foreign carriers, as described in (i) above.

(k) Transferee certifies that Canada is a Member of the World Trade Organization (“WTO”). Onvoy, ZEN and BV-LLC are not on the Commission’s List of Foreign Telecommunications Carriers that are Presumed to Possess Market Power in Foreign Telecommunications Markets, released on January 26, 2007. In addition, each of these foreign carriers offers services in competition with dominant foreign carriers and others.

(l) Transferee may resell international switched services of unaffiliated U.S. carriers in order to provide telecommunications services to countries where it has a foreign carrier affiliation. As demonstrated above and because Onvoy, ZEN and BV-LLC have less than 50 percent market share in the international transport and the local access markets on the foreign end of the route, Transferee should be presumptively found to be non-dominant pursuant to Section 63.10(a)(3) of the Commission’s rules, 47 C.F.R. § 63.10(a)(3).

(m) Transferee qualifies for a presumption of non-dominance under Section 63.10(a)(1) and (3) of the Commission's rules, 47 C.F.R. § 63.10(a)(1,3), because it is a non-dominant foreign carrier and is affiliated with non-dominant foreign carriers in a country that is a Member of the WTO.

(n) Transferee and Licensee certify that they have not agreed to accept special concessions directly or indirectly from any foreign carrier with respect to any U.S. international route where the foreign carrier possesses market power on the foreign end of the route and will not enter into such agreements in the future.

(o) Applicants certify that they are not subject to denial of federal benefits pursuant to Section 5301 of the Anti-Drug Abuse Act of 1998. *See* 21 U.S.C. § 853a; *see also* 47 C.F.R. §§ 1.2001-1.2003.

(p) Applicants respectfully submit that this Application is eligible for streamlined processing pursuant to Section 63.12(a)-(b) of the Commission's rules, 47 C.F.R. § 63.12(a)-(b). Transferee qualifies for streamlined treatment under Section 63.12(c) because Transferee is not a foreign carrier itself and otherwise qualifies for a presumption of non-dominance under Section 63.10(a)(3) for the reasons detailed in response to paragraphs (k), (l) and (m) above.

V. INFORMATION REQUIRED BY SECTION 63.04

Pursuant to Commission Rule 63.04(b), 47 C.F.R. § 63.04(b), Applicants submit the following information in support of their request for domestic Section 214 authority to transfer control of Licensee to Onvoy in order to address the requirements set forth in Commission Rule 63.04(a)(6)-(12):

(a)(6) A description of the proposed Transaction is set forth in **Section III** above.

(a)(7) (i) Licensee provides access to the public switched telephone network, telephone number and other functionalities to its VoIP-provider affiliate, BV-LLC. Licensee provides such services pursuant authorizations to provide competitive local exchange and/or interexchange telecommunications services in the District of Columbia and in every state except Alaska, Delaware, Iowa, and Maine.

(ii) Onvoy provides or is authorized to provide competitive local exchange and/or interexchange telecommunications services in the District of Columbia and in every state except Alaska, Arkansas (pending application), Connecticut (pending application), Hawaii, Mississippi, Tennessee, Vermont (pending application), and West Virginia. ZEN provides telecommunications services in Colorado, Idaho, Indiana, Michigan, Minnesota, Ohio, Tennessee and Washington. MIEAC provides centralized equal access services in Minnesota and North Dakota.

(iii) Through MCVP VI and its affiliates, to Transferee's knowledge, Transferee is currently affiliated with PRWireless, Inc., a fixed wireless provider.

(v) Through Columbia Capital IV, to its knowledge, Transferee is currently affiliated with the following domestic telecommunications services providers: (1) AB license Co LLC, a wireless license holder, (2) Cleveland Unlimited, LLC, a wireless license holder, (3) Coral Wireless Licenses, LLC and Coral Wireless, LLC, wireless license holders, (4) Dominion 700, Inc., a wireless license holder, (5) PRWireless, Inc. and PRWireless, LLC, wireless license holders, (6) Triad 700, LLC, a wireless license holder, and (7) Zayo Group, LLC, a bandwidth provider.

(vi) Through GTCR, to its knowledge, Transferee is currently affiliated with the following domestic telecommunications services providers: (1) Telecommunications Man-

agement, LLC, a cable and broadband provider, and (2) Zayo Group, LLC, a bandwidth provider.

(vii) Through Oak Investment XII, to its knowledge, Transferee is currently affiliated with Zayo Group, LLC.

(viii) Through Charlesbank VI, to its knowledge, Transferee is currently affiliated with Zayo Group, LLC

(ix) To Transferee's knowledge, Transferee is not affiliated with any other telecommunications carriers.

(a)(8) Applicants respectfully submit that this Application is eligible for streamlined processing pursuant to Sections 63.03 of the Commission's Rules, 47 C.F.R. §63.03. In particular, with respect to domestic authority, this Application is eligible for streamlined processing pursuant to Section 63.03(b)(2)(i) because, immediately following the Transaction, Transferee (and its Affiliates (as defined in the Act)) will have a market share in the interstate, interexchange market of less than 10 percent, and Transferee (and its Affiliates) will provide competitive telephone exchange services or exchange access services (if at all) exclusively in geographic areas served by a dominant local exchange carrier that is not a party to the Transaction, and none of the Applicants (or their Affiliates) are dominant with respect to any service.

(a)(9) Other than its section 214 authorizations described in this Application, Licensee does not hold any other authorizations or licenses from the Commission. Therefore, no other applications are being filed with the Commission with respect to this Transaction.

(a)(10) No party is requesting special consideration because it is facing imminent business failure.

(a)(11) Not applicable.

(a)(12) Applicants submit that the transaction is in the public interest. The transaction will bring together two successful enterprises that have demonstrated a long-standing commitment to excellence in a highly competitive marketplace. Onvoy expects that the transaction will enable the companies to better meet the local, national and global needs of enterprises, wholesale buyers, and other customers. Customers of the combined company will benefit from the extensive telecommunications experience and expertise of the combined company. The financial, technical, and managerial resources that Onvoy will bring to BV-CLEC are expected to enhance the ability of BV-CLEC to compete in the telecommunications marketplace. Further, the existing network of BV-CLEC will enhance the ability of Onvoy to serve its customers.

Moreover, the transaction will be conducted in a manner that will be transparent to BV-CLEC customers and any future name change or service changes will be preceded by appropriate notices to customers as well as any required regulatory filings. The transaction will not result in any immediate change of carrier for customers or any assignment of authorizations, and in no event will it result in the discontinuance, reduction, loss, or impairment of service to customers. Following consummation of the transaction, BV-CLEC will continue to provide high-quality communications services to its customers without interruption and without immediate change in rates, terms or conditions. The only change immediately following closing of the transaction from a consumer's perspective is that Onvoy, and ultimately CII, will be the new owners of BV-CLEC.

VI. CONCLUSION

For the reasons stated above, Applicants respectfully submit that the public interest, convenience, and necessity would be furthered by a grant of this Application for the direct transfer of ownership and control of Broadvox-CLEC, LLC to Onvoy, LLC.

Respectfully submitted,
