Teléfonos, S.A.*

**A statement as to whether the Transferor or Transferee has previously received authority under Section 214 of the Act and, if so, a general description of the categories of facilities and services authorized (i.e., authorized to provide international switched services on a facilities basis)**

Transferor has never directly received Section 214 authorization.

The international Section 214 authorization that is the subject of this application was initially granted to a company that was unaffiliated with the parties to this transaction, Western

Wireless International Enterprise, Inc. In 2006, Transferor's ultimate, 100% parent, Trilogy International Partners LLC, purchased the stock of Western Wireless International Enterprise, Inc. (ITC-T/C-214-20060201-00084) and changed the company's name to Trilogy International Enterprises, LLC. In 2014, Trilogy International Enterprises, Inc. assigned the authorization to Applicant in a *pro forma* transaction (ITC-ASG-20140226-00055). Applicant Trilogy Dominicana S.A., therefore, now holds international operating authority under Section 214 of the Communications Act of 1934, as amended, to provide global facilities-based and resold telecommunications service granted in file number ITC-214-20021021-00502.

Transferee has never received Section 214 authorization.

**Answer to Question 11: 10% or Greater Equity Holders of Transferee**

Servicios Ampliados de Teléfonos, S.A. ("SATEL") is 96.99% owned by Ivette Esmeralda Gómez Gómez. Ms. Gómez is a Dominican Republic citizen, and her address is Guayubin Olivo Street, #5, Vista Hermosa, Santo Domingo Este, Dominican Republic. Ms. Gómez's principal business is acting as President of SATEL, a communications company in the Dominican Republic. Please see the enclosed organizational charts for further information on the parties' current and post-closing ownership.

**Answer to Question 13: Description of the Transaction**

Pursuant to an agreement, SATEL will acquire indirect control of the stock of Trilogy Dominicana S.A., including its interests in IRUs for undersea cable capacity between the United States and the Dominican Republic, its rights and obligations under all its international telecommunications traffic exchange agreements, and its ownership of facilities used for the provision of international telecommunications services.

**Answer to Question 15: Foreign Carrier Status**

The entity holding international Section 214 authorization, Trilogy Dominicana S.A., is a foreign carrier in the Dominican Republic, where it will continue to provide service.

**Answer to Question 16: Justification for Non-dominant Classification Upon Consummation**

Applicant requests non-dominant classification upon consummation of the transaction pursuant to 47 C.F.R. § 63.10(a)(3) because Applicant has well under 50 percent market share in the Dominican Republic and is therefore, currently regulated as non-dominant on the U.S.-Dominican Republic route. The Transferee, SATEL, is not a carrier nor is it affiliated with any carrier. Upon consummation, therefore, TDR will continue to be non-dominant in all markets it will serve.

Applicant is authorized under Part 63 of the Commission's rules to provide international switched telecommunications services between the Dominican Republic and the United States, and provides and will continue to provide such service solely through the resale of an unaffiliated U.S. facilities-based carrier's international switched services (either directly or indirectly through the resale of another U.S. resale carrier's international switched services), and should therefore be classified as non-dominant on the Dominican Republic-U.S. route under 47 C.F.R. § 63.10(a)(4) for the provision of the authorized service.

**Answer to Question 20: Justification for Streamlined Treatment**

Applicant requests streamlined treatment of this application pursuant to 47 C.F.R. § 63.12 because it is a non-dominant carrier and will continue to be non-dominant upon consummation as demonstrated in the response to question 16 above.
