Re: Request for International Section 214 Special Temporary Authority
OnStar, LLC and General Motors Company

Dear Ms. Dortch:

OnStar, LLC ("OnStar" or "Licensee") and General Motors Company ("GM") (collectively, the "Parties"), through their attorney and pursuant to Section 214 of the Communications Act and Sections 63.04, 63.24, and 63.25 of the Federal Communications Commission's ("FCC") rules, respectfully request such Special Temporary Authority ("STA") as may be necessary to allow OnStar to continue operating while the FCC reviews the Parties' application seeking consent to a transfer of control of the International and Domestic Section 214 authority held by OnStar, from GM's board of directors that was previously controlled by the United States Treasury ("UST") (due to its majority shareholder interests) to GM's current board of directors that is now elected by a diverse shareholder base.¹ See Exhibit A attached hereto. As explained below, a transfer of control has occurred because the UST no longer has the power to designate more than half of the members of GM's board of directors.

OnStar is a non-facilities based common carrier that provides telecommunications services by reselling capacity on the networks of Verizon Wireless and other carriers. It has both International and Domestic Section 214 authority to deliver vehicle-based telecommunications service throughout the United States and to various international points, including Canada. With respect to international services, the FCC has granted OnStar an International Section 214 authorization with global resale authority.²

On July 16, 2009, the FCC granted consent to the transaction that permitted the Licensee's then ultimate parent company, General Motors Corporation, Debtor-In-Possession ("GM-DIP"), to transfer its productive assets, including International Section 214 Authority, IBFS File No. ITC-214-20070823-00346, to GM, whose board of directors was controlled by the UST.³ GM-DIP exited
